Makes Formal Demand Upon the Canadian Authorities for Surrender of Harry K. Thaw

SHERBROOKE, Que., Aug. 21.—After an all-night conference, counsel for Harry K. Thaw announced this morning that they would not produce the Matteawan fugitive in the superior court today on the writ of habeas corpus obtained yesterday.

They explained that the writ is returnable at any time, and that although 10 a. m. today, was tentatively agreed upon yesterday, they had decided to delay proceedings pending further conferences. According to present plans they will use the writ tomorrow morning.

This marking of time by the defense was due mainly to the arrival last night of Mr. and Mrs. George Lauder Carnegie, brother-in-law and sister of Thaw, who are anxious that no legal step be taken until every bulwark of the defense has been strengthened. J. D. Greenshields, of Montreal, an eleven-hour addition to Thaw's counsel, pointed out that the writ was returnable at the pleasure of counsel for Thaw and that it would be best to go over his case more thoroughly before coming into court.

Immigration Officials Surprised
The move surprised the immigration officials and Dist. Atty. Conger and Sheriff Hornbeck of Dutchess county New York. They had expected that Thaw would be arraigned before noon today, released on the present commitment, then held as an undesirable alien and quickly deported. As matters stood this forenoon, apparently this program had simply been put off a day. With Thaw once in the hands of the immigration authorities, opinion varied as to what course would be followed.

One theory had it that he would be returned to Montreal where he was arrested on Tuesday, and deported from there if it was proven that he was an undesirable alien, to the nearest border point in Vermont or New Hampshire. Another theory was that counsel for Thaw would try to show that he had a through ticket to Detroit and would be released. A third conjecture was all the procedure would be transferred to Montreal where the case would be thrashed out before a special board of inquiry.

The Outcome in Doubt
Neither Thaw's lawyers nor the immigration officials nor officers from the state of New York seemed to know this morning just what the outcome would be. Messrs. Conger and Horn-

beck hoped that some arrangements could be made whereby Thaw would be taken to the New York state line. On this point the immigration officers were noncommittal.

Feverish and worried, Thaw dressed before sunrise today and received Mr. and Mrs. Carnegie as his first visitors. Though apparently cheered by their arrival, their presence seemed to make him more reticent than ever regarding his escape.

Thaw's fellow prisoner, who describes himself as Mitchell Thompson but has been identified by Conger and Hornbeck as Roger Thompson, driver of the racing car which aided Thaw in escaping, remained silent. Charged with violating the Canadian immigration laws in assisting a lunatic across the border, Thompson was unable to furnish the \$500 bail required and must stay in jail until Friday when he will have a hearing.

By allowing Thaw to remain in custody the defense has offset the immigration authorities, who had been con-

AFTER MAYOR GAYNOR

Sticks of Dynamite Are Found Under Window

NEW YORK, Aug. 21.—Six sticks of what is believed to be dynamite were found this afternoon under a window of Mayor Gaynor's suite of offices in the city hall. Fire Commissioner Johnson, passing at the time, telephoned the bureau of combustibles and ordered one of the inspectors to come to the city hall to examine the find and determine its nature. From a superficial examination the inspector said he thought the substance was dynamite. He took the sticks to fire headquarters for further test. They were found by the janitor of the building.

A slight fire in the Harrington building on Central street was promptly extinguished today.

Mayor O'Donnell Welcomed Delegates to City at Odd Fellows Hall---Opening Speeches of Officers

The Knights of Sherwood Forest, a social and fraternal organization with 25 conclaves in various parts of the country, is holding its supreme convention in this city at the present time in Odd Fellows hall, Middlesex street. The opening exercises were held this morning at 10 o'clock, and though all of the delegates had not arrived there was a large number present including the supreme officers of the society. Following the formal opening a private session was held at which the business of the order was transacted. This evening there will be a banquet in Odd Fellows hall at which the mayor, Supreme Commander Henry Ziegler, of Syracuse, New York, Senator Draper and many of the supreme and local officers will speak. Tomorrow the convention will be in session from 10 a. m. until 12 m. and will open again at 2 p. m. to resume unfinished business and proceed to the nomination of officers. On Saturday, August 23, the last day of the convention the principal events will be the election of officers in the forenoon and the installation of officers in the afternoon followed by a reception.

The Knights of Sherwood Forest were instituted in 1889 with the formation of Empire conclave, No. 7, of New York. At the present time there are about 25 conclaves in existence with a surplus of about \$500 in the treasury. About 155 delegates and supreme officers are to be in attendance at the local convention although about thirty more are expected. The organization is also a fraternal body incorporated under the new fraternal benefit laws.

Opening of Convention

The scene this morning at the opening of the convention at Odd Fellows hall was very brilliant. The sides of the convention hall was draped in

the national colors and festoons of vari-colored bunting descended from the centre to the sides and corners. At intervals great bunches of palms were suspended, their fresh green contrasting pleasingly with the gay tints of the other decorations. The delegates and officers were in full regalia and their neat blue uniforms with the glittering gold decorations and swords looked very striking as the members grouped themselves around the central platform. At the opening of the exercises proper a delegation consisting of A. McDougall and Matthew Whelton was sent to escort His Honor Mayor James E. O'Donnell to the platform. The mayor welcomed the delegates to Lowell in the following words:

Mayor O'Donnell
Mr. Chairman and Sir Knights:
On behalf of the city of Lowell, a

PRES. WOODROW WILSON

To Make Known Lind's Mission to Mexico

WASHINGTON, Aug. 21.—President Wilson announced late today that he would prepare at once a message to congress setting forth in detail the purposes of John Lind's mission to Mexico, a summary of the American note and the reply of the Huerta government. While the president has not finally decided whether he will read the message to both houses of congress, it was said on good authority that he was inclined to do so.

HOLY ROSARY GIRLS

Over 300 Went to Revere Beach

The Holy Rosary society, about 300 strong, journeyed to Revere beach today in three special cars for their annual outing. Shortly after 8 o'clock the cars left the corner of Moore and Gorham streets and arrived at the beach in time for the 300 girls to enjoy a dip before dinner.

After a hour or more in the water they all grouped together and went to one of the popular hotels along the beach where a genuine clam bake dinner was served them. The dinner satisfied the appetites of all and then they divided into parties and visited the amusement places along the beach. None of the places along the busy boulevard was omitted by the picnicers and the afternoon was just full of fun.

It is planned to leave the beach early this morning and according to the committee in charge the ride home will be fully as enjoyable as the trip to and around the beach. The party was accompanied by Fr. Bernard Fletcher of the Sacred Heart church and Mrs. Thomas Farrell.

Game Postponed

DETROIT, Mich., Aug. 21.—(American) New York-Detroit postponed, rain. The game tomorrow.

A large touring car owned by J. Munn Andrews of Andover street and driven by his chauffeur, Peter Achin, crashed into an iron pole near the corner of Merrimack and Moody streets shortly after 3.30 o'clock this afternoon, when the driver tried to avoid running into a blind man named Victor LaJole. The man was knocked to the ground and was later taken to St. John's hospital.

It is said that the chauffeur of the big machine was driving up Merrimack street on the right hand side and that the blind man was crossing over. The chauffeur sounded his horn, according to witnesses, and believed that Mr. LaJole was aware that the auto was coming. The blind man seemed

to stop and the driver continued on his way, but when the pedestrian stepped directly in front of the machine and it was impossible for Achin to stop the car before striking him, he turned to the right and crashed into a pole. The man was knocked to the ground and seemed to be very badly shaken up, although no bones were broken. He was taken to St. John's hospital in the ambulance. The chauffeur was uninjured.

The whole front part of the auto was damaged, the lights and hood being in a bad condition while the running board on the right side of the machine was bent. The front axle was broken and the wheels were somewhat damaged. Work was immediately started to remove the machine from its position.

MAYOR O'DONNELL AND ALD. BARRETT

In Argument at Council Meeting—Mayor Says Barrett is Doing Work Unauthorized by Council

A red hot argument took place between Mayor O'Donnell and Commissioner Barrett this morning at the meeting of the municipal council, when the mayor announced in the course of a conference held with officials of the Locks & Canals Co. relative to the laying of the 24-inch water main across the Merrimack river, that the commissioner of fire and water departments was doing the said work without the authorization from the council. Mr. Barrett insisted that he was given the right to do the work, when the council voted that the city solicitor take legal rights to seize the land of the company.

The meeting was called to order at 11.10 o'clock by Mayor O'Donnell with Commissioners Cummings and Donnelly present. Mr. Brown was not present, he being an attendant at the Rockingham fall, while Mr. Barrett entered the hall a short time after the meeting was opened. The first matter brought to the attention of the council was the conference with the officials of the Locks & Canals Co. relative to the laying of the water main on land owned by the company, which claimed the city was guilty of trespass. Those representing the Locks & Canals Co. were Lawyer Frank E. Dunbar, Engineer Hiram F. Mills and Engineer William E. Badger. Finally after considerable discussion it was voted that the city solicitor draw up some sort of agreement and present the same at the next meeting of the council.

Mayor O'Donnell in opening the hearing said the Locks & Canals Co. sent a letter to the council protesting against the laying of the 24-inch water main on their land from Ferry lane across the Merrimack river, and he read the said letter, which has already appeared in The Sun.

Hiram F. Mills, chief engineer of the company, and Lawyer Frank E. Badger were present. The mayor said the council at its last meeting voted to hold a conference with the officials of the Locks & Canals Co. by a vote of three to two. He called upon Mr. Mills, who in turn introduced Lawyer Dunbar.

Mr. Dunbar said the company is desirous of co-operating with the city, provided the work will not interfere with the development of the water power.

"We own the bed of the river," said he, "and then he referred to the acts of the legislature when the Locks & Canals Co. was granted the right to the water power. He said if this had not been granted, the company would not be here today."

Mr. Barrett: "Do I understand the Locks & Canals Co. to own the bed of the river? If so the city has no right to build sewers in the bed of the river, because that is private property."

Mr. Cummings: "Has your company the right to maintain a dam at the Pawtucket falls?"

Mr. Barrett: "We have."

Mr. Barrett: "The war department states the company has no right to maintain a dam there."

Mr. Barrett: "Has your company a right to take land for canal purposes?"

Mr. Dunbar: "It has."

Mr. Barrett: "Were you, Mr. Mills, one of the consulting engineers at the time of the construction of the Metropolitan reservoir?"

Mr. Mills: "I was but did not receive any compensation."

Mr. Cummings: "We have the same right as you claim you have near Aiken street bridge at the Pawtucket boulevard, for we own the land to the river edge, and therefore, we own to the middle stream."

Mr. Cummings continuing said he did not believe the company had any rights between the dam and said he could not see how the laying of a pipe would injure the company any.

Mr. Dunbar: "The water to be used in the water power has to pass over the obstruction in the river, and the result will be that it will obstruct the flow of the water. All we are seeking is an amicable settlement. If you will agree to laying the pipe at a later date, that is the best solution possible."

Mr. Barrett: "Supposing the river is dredged and damage is caused to the

THREATS AGAINST LIFE

WASHINGTON, Aug. 21.—Representative Benjamin Johnson of Kentucky told the lobby investigating committee today that the passage of the federal loan shark law was marked with daily threats against life. He introduced an affidavit by a former policeman who swore that another former policeman claimed to have followed Johnson three nights to kill him. Testimony has developed that the loan sharks fought the federal law with a stush fund of \$12,000.

White Slaver Held

Milwaukee Kutsunkes, the Greek arrested here on Kirk street, was held today for the grand jury after his examination before U. S. Commissioner Hayes. His trial will be held next month in Boston. The charge against the defendant is violation of the white slave law.

VIOLATION OF WHITE SLAVE ACT GOVERNOR'S DAY AT ROCKINGHAM

Drew Caminetti, Son of Present Commissioner General of Immigration, Must Answer Charge

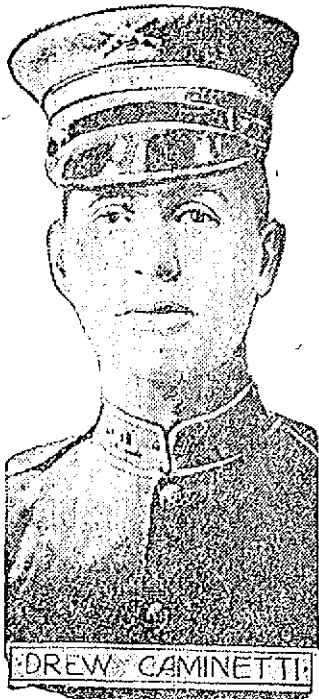

The Biggest Day of the Meet—Purse of \$5000 the Principal Goal—Perfect Weather

SAN FRANCISCO, Aug. 21.—With many eyes fixed on the trial of the white slave act violation today, the government turned its attention today to the case of the son of the present Commissioner General of Immigration, F. Drew Caminetti, indicted for the same offense, for having taken Lola Norris on the excursion to Reno, Digs, who was visibly shaken by the jury's verdict last night, was released at midnight on \$2500 bail furnished by his father, L. P. Digs, and his uncle, Marshall Digs. He will be sent to the penitentiary on September 2. Five years is the maximum penalty.

The trial of Caminetti will command exceptional attention, owing to the fact that he is the son of Anthony Caminetti, a leader in state and national politics and the present Commissioner General of Immigration. When United States District Attorney John L. McNamara (resigned) brought the Digs-Caminetti case into national prominence by accusing the attorney-general's office of having delayed the trial for political reasons, Commissioner Caminetti resigned in the explanation of the delay. His chief, Secretary of Labor Wilson, stated that he had requested that the case be put off until Commissioner Caminetti, who was scheduled to return to San Francisco from Washington, could familiarize himself with his duties.

Throughout the trial of Digs, Caminetti sat close to him and tried to dispel Digs' gloom by his own cheerfulness.

Friends of Caminetti were depressed today over Digs' conviction and by the testimony toward that defendant, Judge Van Fleet, who also will try Caminetti, said in his charge to the Digs jury: "If you find that the defendant and his companion, Caminetti, were actuated in their departure or flight from Sacramento by a fear

DREW CAMINETTI

CONGRESS NOT BACK OF PRESIDENT

In Stand Against Recognition of Huerta's Government, is Insinuated by Huerta

WASHINGTON, Aug. 21.—Intimations are contained in Provisional President Huerta's reply to the American note presented by John Lind that President Wilson is not backed up by congress or the American people in his stand against recognition of the Huerta government.

Referring to the attacks on the Washington administration by members of congress and pointing to the official recommendations of Ambassador Henry Lane Wilson, advising recognition, Huerta declares he is entitled to be recognized. He holds that the democratic party is in power temporarily, and argues that recognition of his government is a partisan question in the United States. He intimates that he reaches his conclusion on private advice from Washington.

This information was obtained last night from those who know the contents of the Huerta note so far as it has been deciphered. The complete note is not yet at hand, but the principal argument has been placed before administration officials.

Though negotiations between John Lind, personal representative of President Wilson and Provisional President Huerta, are continuing on a cordial personal basis, neither side is receding from its position and alternative measures already are under consideration here. No definite course has been formulated, but the policy that is present under consideration and most likely to be adopted is one of absolute non-interference. The United States through the mission of Mr. Lind will have satisfied foreign governments generally of its desire to bring about peace and they do not conceal that there will be any pressure to bring about intervention.

To grant arms to the constitutionalists would be the opinion of many officials only add to the danger of anarchy in the republic, equipping taxid bodies with weapons of destruction of which they have hitherto been deprived.

That the United States will keep "hands off" was considered more than likely in many quarters here last night and administration officials pointed to an important precedent for such action during the term of President Hayes, when Gen. Porfirio Diaz assumed the reins of government on the 21st of May, 1911, after defeating the forces of President Madero. Gen. Diaz was a Salvador and Guatemalan on June 1 and Spain on June 10, there being no other governments except the United States represented at Mexico City at that time. In President Hayes' mes-

SALEM, N. H., Aug. 21.—Perfect weather favored "Governor's Day" at the Grand Circuit meeting at Rockingham park today. This is the biggest day of the meet, with the granite state purse of \$5000 as the principal goal of the horsemen. In this race Gears and his latest M. & M. winner, Reusens, will trot against a field of eight and many followers of the circuit predict that he will be first under the wire.

The free-for-all pace will see Braden Direct against Earl Jr. and Hal B. Jr. The Dover pony is the favorite but many who saw these three in the Maine trials favor the gray Canadian. The 2 1/2 mile trot will have the record held of the year, 14 horses having been entered and a warm contest is looked for.

Horse Show Awards Yesterday

The second day of the Rockingham fair was a harvest time for the myriad of concessions, the great crowd coming early and staying late. The portions of the grounds have satisfaction to all and the arena of the state board of health were busy seeing that the pure food laws were not violated in the sale of food and drink, which were supplied in abundance.

The high 80-foot dive was a thrilling feature of the stage show. One balloon went up at 4:10 and another at 5 o'clock. A stiff wind took the aerobats to the northwest before they took their parachutes down.

Judging cattle went on rapidly, but Supl. Smith says that on account of the great number of exhibits it cannot be completed before tonight. Judging the Ayrshires was finished and that of the Herefords and Holsteins begun. Joseph Salomo of Oxford, N. H., won first premium for Ayrshire heifer and J. A. Ness of Auburn, Me., second.

In the swine show the blue pigs attracted most marked attention, being the first ever seen in New Hampshire. The feature of the horse show was the last class, the heavy hunters, three being tied for first ribbon on the first round of jumps and two for second.

In the afternoon some of the cattle judges' stables were open to the public. The awards in the horse show yesterday were:

Pair of Novice Harness Horses—Won by Perfection, bm, and High Lassie, bm, Maj. C. W. McLean; Rold Ellen, bg, and Hildhurst, bg, P. T. Roache, second; Symmetry, bg, and Symbol, bg, Frank Donovan, third.

Women's Saddle Horses Under 15 1/2 Hands, ridden by a woman—Won by Glorious Glory, bm, Walter H. Jones, first; Sallie Baldwin, bkm, William B. Miller, second; Glen Roy, chg, Frank Donovan, third; Gladys, bm, P. T. Roache, fourth; Pelops, bg, Charles Mason, fifth.

Harness Ponies, 13 Hands and Under—Won by Boss, br, and wg, Mrs. Edith H. Emerson; Parlo Queen, bl, and rom, Herbert W. Mason, second.

Broodmare Horses—Won by Lady Grayling, chm, M. F. Murphy; tro-

FUSION MOVEMENT AGAINST TAMMANY HALL

NEW YORK, Aug. 21.—The fusion movement against Tammany Hall was strengthened last night when the progressives endorsed the judiciary ticket designated by the fusion committee and also approved the fusion nomination of Lewis H. Pounds for borough president of Brooklyn. The Brooklyn progressives showed some reluctance about supporting the fusion nominee but those who believed in harmonizing with the republicans finally prevailed.

The perfection of the republican-progressive union leaves the way clear for the designation of the regular democratic ticket on Saturday. Mayor Gaynor's friends expect that he will be re-nominated, but several other candidates have been mentioned.

ed request for an explanation regarding conditions in Mexico and the cause, Gen. Huerta himself injected into the controversy what might be regarded as a counter-demand, namely, that of recognition.

In a general way President Huerta places the blame for Mexico's civil war upon the United States. He insists that had it not been for President Wilson's refusal to recognize his administration, he long ago would have suppressed the rebellion, and even now, he asserts, the United States can indirectly enable him to restore order in a comparatively short time. He asks of the United States government only recognition and the withdrawal of the American battleships.

Officials Reassure Public

Federico Gamboa, the Mexican foreign minister, and other officials of the government, continue to reassure the public, utilizing the local press for the purpose, that the negotiations have not been concluded, but on the contrary are progressing cordially and satisfactorily. The foreign minister goes so far as to say that in his opinion a wholly satisfactory arrangement will be reached within a few days.

At the American embassy no one is permitting or denying a resumption of the negotiations. Mr. Lind did not appear very optimistic on this score. Certain well informed Mexicans say that it would be no surprise to them if the government of Mexico submitted to Mr. Lind some proposition which might serve as a basis upon which to renew the negotiations.

French Banks Not Lending

PARIS, Aug. 21.—No confirmation can be obtained here of the report from Mexico City that bankers in Paris and other European capitals have made an offer to Provisional President Huerta to float a new loan of \$20,000,000. On the contrary the report is not believed by the Banque de Paris et Pays Bas, which look a leading part in the previous loan to the Mexican government. The story is also discredited by the banking house of Lazard Freres.

The French foreign office, it appears, continued to take the attitude that it would be unwise for French bankers to lend money to the Mexican government until the United States has recognized the Huerta administration. While French bankers are not obliged to observe the foreign office's suggestions, it is usual for them to follow hints of this sort.

INSURANCE MEN DENOUNCE GROUP INSURANCE

ST. PAUL, Minn., Aug. 21.—A resolution striking at the issuance of group life insurance policies unanimously was adopted at an executive session of the American Life convention which is in progress here today. Life insurance men, representing old line companies, denounced group insurance, by which an employer, for instance, puts into effect a blanket policy insuring all his employees against death. It was declared inimical to legal reserve life insurance, unfair and dangerous.

The life insurance men also adopted unanimously a committee report which vigorously opposed the upward trend of medical fees for old line insurance. The report said that while \$5 was the usual fee charged in some sections \$3 was entirely sufficient to guarantee sound medical examinations.

GOVERNOR OF JOLO KILLS 2 MOROS

After a Dramatic Struggle—Governor Whitney is an Iowa Man—He Received Bad Wounds

MANILA, Aug. 21.—Vernon L. Whitney of Iowa, governor of Jolo, had a narrow escape when attacked treacherously by Moros. He received five baron wounds, but will probably recover. He killed both of his assailants after a dramatic struggle.

Governor Whitney had just completed an inspection of the scout camp at Bual Looe, and had sent his interpreter to order his launch. The interpreter was attacked by Moros but escaped. Whitney heard of the attack and as he ran to investigate he met two Moros who approached in a friendly manner and then suddenly attacked him. Whitney clinched with one of the Moros while he shot the other and then after a struggle wrestled the baron from the other man and finished him with it. During the struggle, however, Whitney received bad wounds.

SLASHED WITH RAZOR

Boston Man Runs Amuck in Worcester

WORCESTER, Aug. 21.—Angered by a crowd of boys who were making fun of him, Nicholas Simon, a pedler of razors, ran amuck on Summer street about 10 o'clock last night, and began running along the street, slashing at the boys with a razor.

More than 1000 persons were attracted to the vicinity, and after the pedler had cut a man who attempted to stop him they chased him for six blocks, shouting threats of vengeance. Simon finally sought refuge in the Heavy House and was arrested by Police Inspector William A. Brady.

At the police station 14 razors were found in Simon's pockets, and the police say that another, the one with which he is alleged to have done the cutting, was thrown away while he was being pursued.

Frank McCarthy, aged 40, of 58 Summer street, who attempted to stop Simon in his stupor, was slashed on the forehead and on the right hand and arm. He was attended by Dr. Eugene Murphy, the police surgeon. Simon, who claims to reside in Boston, is held on a charge of assault.

SHEEP USED TO TRAP

Spotted Fever Ticks—Secretary of Agriculture Authorizes Novel Experiment

The free grazing of 2500 head of sheep upon the Bitterroot national forest, in the state of Montana, has been authorized by the secretary of agriculture as part of a novel experiment in trapping the deadly spotted fever tick. The forest service and the public health service are working together in cooperation with local sheep growers in this new campaign.

It is the general belief of the leading medical authorities that the mysterious and frequently fatal disease commonly known as spotted fever is spread by the tick Dermacentor andersoni which, in parts of the Bitterroot forest, occurs in such abundance that it constitutes a real menace to man and beast. Surgeon McClintock of the public health service died last year of spotted fever contracted during his

ROUGH HOUSE SAILORS

Who Raised Ructions in Seattle to be Punished

WASHINGTON, Aug. 21.—Secretary Daniels has directed the punishment of the sailors of the Pacific reserve fleet who participated in the destruction of the Industrial Workers of the World's and Socialists' property in Seattle, July 17-18, if they can be identified, though he severely condemned the civilians who abused the sailors and the American flag.

The secretary's action yesterday was based upon a report by a board of investigation headed by Commander Thomas Washington. The board found that for some time before the rioting at Seattle there had been attacks upon the flag, the government and particularly upon the army and navy in the Pacific seaport cities by people calling themselves members of the Industrial Workers of the World and to some extent by so-called socialists. The civil authorities, the report said, allowed speakers to harangue crowds and engender ill-feelings resulting in the attack upon the soldiers and two sailors July 17. This led to the burning and destruction of property on the following night.

The board placed direct responsibility for the action of the crowd, led by civilians and including only a small proportion of enlisted men, upon the failure of the police force to prevent the destruction of property because of their sympathy with the purposes of the crowd. Furthermore, the board expressed the opinion that the rioting attributable to the sailors and against the Industrial Workers of the World and the criticism of the press and that the presence of enlisted men was made to serve the purpose of accomplishing an end which the better element of people desired and the press encouraged.

In passing upon this report, which was transmitted by Rear Admiral Reynolds, Secretary Daniels declared that while the conduct of those who denounced and assaulted soldiers was most reprehensible and deserving condemnation, "their violent language, unprovoked assault on soldiers, and lawlessness does not justify retaliation in kind."

The secretary recalled his statement in a speech in Seattle that obedience to authorities and respect for the flag must precede any reforms. He expressed regret that the sailors had permitted themselves to forget their duty to uphold the law which they had sworn to uphold, and added that their conduct in Seattle was against the naval regulations and could not be condoned or allowed to go without punishment.

Admiral Reynolds was directed to have the secretary's letter read on the ships of the fleet and to have the men engaged in the affair punished in such manner as the admiral may judge is adequate for the offense.

LEATHER MERCHANT

In Auto Smash—Edwin M. Morse Thrown and Injured—Caught in Railway Tracks

BOSTON, Aug. 21.—Edwin M. Morse, a Boston leather merchant, who is suffering at Rose Clinic, North Weymouth, received injuries yesterday afternoon when he was thrown from his automobile on the Bridge street slope, North Weymouth. He was guiding his car past two motor vehicles when a front wheel of his car caught in the guard rail of the electric car tracks and the automobile buckled up.

The automobile skidded so suddenly that he was precipitated over the steering wheel to the roadway. Friends of the injured man were in another automobile directly behind his car and they carried him to Dr. Bushnell's office at Quincy Point.

Later in the evening he was taken to his home at 43 Gould street, Malden, where it was said last night that he is resting comfortably.

Soda crackers are more nutritive than any other flour food. Uneeda Biscuit are the perfect soda crackers.

Though the cost is but five cents, Uneeda Biscuit are too good, too nourishing, too crisp, to be bought merely as an economy.

Buy them because of their freshness—because of their crispness—because of their goodness—because of their nourishment.

Always 5 cents. Always fresh, crisp and clean.

NATIONAL BISCUIT COMPANY

RESIGNS FROM MASS. PUBLIC SERVICE COMMISSION

BOSTON, Aug. 21.—George P. Lawrence of North Adams, who was recently appointed a member of the Massachusetts public service commission by Governor Foss, today tendered his resignation. His reasons for not accepting the office were said to be purely personal.

In his letter to Governor Foss Mr. Lawrence asked that his resignation be accepted to take effect on Sept. 1. "I find that it will be impossible to give to the duties of the position the time which they require," he wrote.

Governor Foss replied, accepting Mr. Lawrence's retirement and expressing his regret that circumstances compelled him to withdraw from this public service.

Mr. Lawrence is a former congressman and a staunch republican. He was appointed a member of his new public service commission by Governor Foss on July 2.

ELEPHANT DIED AT SEA

After Indulging in Wild Outbreak

WHILE SHIP WAS STRUGGLING IN HURRICANE

About 200 Miles From Spot Where Titanic Went Down—Stirring Scenes On Board German Steamer

BOSTON, Aug. 21.—The German steamer Ockenfels arrived yesterday fully 24 hours ahead of schedule with a consignment of animals, complete with the exception of an elephant lost in a wild outbreak at sea in a hurricane a week ago. The vessel brought to Boston its first cargo intended entirely for this port, consisting of 13,360 miles of burlap gunny sacking in 12,535 bales, of nearly a mile of the cloth in each. There were four turks on board, who came along to look after the shipment of animals.

Hit By Hurricane

When the steamer was 200 miles south of the spot where the Titanic went down a year ago, a southwest hurricane struck her, driving the water in huge billows over the decks where the animals were quartered in the open. Two camels were tied to the mainmast derrick pole and two jackasses tethered beside the horse crates on the port side, when the storm burst upon the vessel.

The elephant, one of the largest ever shipped to this country, was chained on the starboard side. He broke loose aboard ship. The elephant, unused to the sea and terrified at the fury of the storm, trumpeted and reared, snapping its chains with one lunge of its huge body. Free, it rushed about the deck, frightening the other animals in its rampage. The excited horses broke out of their box crates and pranced about in terror, alarming the camels and donkeys.

Second Officer Richard Weller called all hands out for duty. He stood on the after deck and directed his Lascars to drive the elephant into the starboard bunkers, and with the assistance of clubs and ropes, the big animal was finally penned into the corner selected for him. One of the Lascars was tossed 20 feet into the air in the mix up, luckily landing on deck. All the time the hurricane was raging, and it took an hour and a half for the full crew and all the under officers to corral the frightened animals. When the work was finished, all hands went below, where they dropped exhausted.

Exposure Kills Elephant

George Mansur, the leader of the turks, who had the beasts in charge, remained on deck within handy reach of the hatchway, through which he could call out the men if another outbreak should be precipitated.

The day after the storm, the elephant died from the exposure.

From Port Said out, the unusual ocean experience was too much for him, and he was not well any of the three across. He would not eat, and when it was a bit rough he became deathly sick. His monstrous carcass was hoisted overboard by the after derrick, and without ceremony he was lowered into the sea, and the tackle cast off.

The shipment of animals is consigned to Chicago, care of Thomas Cook & Sons, but it is understood to be destined for the private collection of George F. Getz of that city.

SALUTES FIRED

AT THE GRAVE OF SOLDIER

Obsequies of Adelard

Delisle, U. S. A., Held This Morning

Young Soldier Died at Fort Bayard, New Mexico

With all honors due a United States soldier, the remains of the late Adelard Delisle, U. S. A., were tenderly laid at rest in the Catholic cemetery this morning. The funeral took place from the home of his father, Antoine Delisle, 22 Second street and was largely attended. The funeral cortege was headed by a squad from the local M. V. M. companies. At 8 o'clock high mass of requiem was celebrated at St. Louis' church, Rev. L. C. Bedard officiating. The bearers were Cyprien, Rosario, Joseph and Albert Delisle, Melville Germain and Joseph Primeau. There was a wealth of beautiful floral offerings, showing the esteem in which deceased was held. Burial took place in St. Joseph's cemetery, where the military squad sounded taps and fired a volley. The funeral arrangements were in charge of Undertaker Amedee Archambault. The squad consisted of Lieut. Preston, Co. M. Corp. Hurley, Privates Glenn, McGarry, Cashman, Eagan and Durant, Co. C, and Musician Callahan, Co. M. Corp. Hurley had charge.

Adelard Delisle enlisted in the United States army a little over two years ago, and during his time of service he has been stationed in various parts in the states. The young man who was a member of the 15th artillery, Capt. Bushnell, was taken ill several months ago and passed away at Fort Bayard, New Mexico, on Aug. 7. The body was sent to Lowell and arrived in this city Tuesday afternoon. Deceased was well known in Lowell and held in high esteem by his many friends and acquaintances. Capt. George W. Peterson of Co. C had charge of the military arrangements.

Suffered Eczema 50 Years—Now Well Seems a long time to endure the awful burning, itching, smarting skin disease known as "tetter"—another name for eczema. Seems good to realize, also, that Dr. Hobson's Eczema Ointment has proven a perfect cure. Mrs. D. L. Kenney writes: "I cannot sufficiently express my thanks to you for your Dr. Hobson's Eczema Ointment. It has cured my tetter, which has troubled me for over fifty years."

SOCIALIST WHO DIED LAST WEEK

Left Letter Stating That German Army Has Gone to Pieces and That Emperor Knows it

LONDON, Aug. 21.—Replying to a question whether Germany's recent army increases meant an attack on France, August Bedel, the late German socialist leader, just before his death at Zurich on August 16, last, wrote the following letter which is published today in the Pall Mall Gazette:

"The German emperor has seen during the Balkan war that our army has completely gone to pieces—that is, our officers are incapable of commanding and the material is absolutely impossible. If the French had wished to attack us they would probably have been successful, for we were not strong enough at the frontier. If the French had guessed that they were strong enough they would have begun an attack."

"The German emperor saw that French arms had much greater importance in the Balkan war than had German ones. He also knew that the military element from Germany that had helped the Turks was to blame for the misfortunes of the Turks. It is an open secret that Germany was to blame for this defeat."

These facts, Herr Bedel assured his correspondent, had been obtained from authoritative sources.

CITY HALL ITEMS

Permit for New Theatre Issued Today

The Realty Associates were granted a permit for general renovation to the one-apartment house at 115 Nesmith street, the same to be converted into four-apartment house at a cost of \$2000.

George Hutton was given a permit for the construction of a theatre at 482-488 Merrimack street with lobby, the approximate cost to be \$4000.

Charles A. Strout received a permit for the erection of an eight-room cottage with pantry and bath at 116 Highland avenue, the approximate cost to be \$2500.

Police Station Cells

Dr. E. A. Simpson, state health inspector, and Commissioner Lawrence Cummings of the public building department paid a visit to the police station yesterday in order to inspect the condition of some of the cells, for complaints had been received as to the condition of the plumbing system.

The two visitors found that the plumbing requires a change, and the flooring of some of the cells is in a dilapidated condition. Mr. Cummings stated this morning that a new plumbing system will be installed and the floors will be put in a condition so they can be kept clean. He said this work will be done from a transfer of appropriation.

Payroll

The payroll for last week at city hall was \$20,697.36.

To the Fair

Commissioner George H. Brown and party motored to the Rockingham fair today.

North Assessment

The clerical force in the park de-

partment's office is preparing the north assessment, and the same will be ready Saturday.

Contract Awarded

The contract for 3000 feet fire hose for the fire department was awarded by Purchasing Agent Foye to the C. C. Co., who was the lowest bidder, the bid being 37 cents a foot for its No. 1 grade.

Man Badly Hurt

A Lawrence man named Leonard Aldcroft was badly injured while riding on the running board of a Pelham car returning from the Rockingham fair last evening. His head struck a pole. He was knocked off and he was found unconscious near the track.

Estes Park, Colorado

The Garden of Allah

A place where wild flowers carpet the ground, where the sweet, crisp, sparkling air makes the cheeks glow and the eyes glisten, where trout abound and great glaciers lie hidden among the towering mountains, near the highest overhanging precipice in the world.

In Estes park you can climb, play golf or tennis, ride, drive or motor, fish and camp out. You can live at a high class hotel or at one of many comfortable smaller houses, and at moderate cost.

It is the ideal place for children; it's the ideal place to rest and regain perfect health.

Let me send you a fine folder about Estes Park, with pictures and a good map, and all about the hotels, comfortable ranch boarding houses, and the charges. Let me tell you about how to go, and about the low fare excursion tickets now on sale. I am paid to lend a helping hand. Let me attend to all the details. Call, or write for an Estes Park pamphlet—today before you forget.

Post Toasties

Are mighty handy to have in the house as well as mighty good to eat direct from the package with cream.

Besides being the most delicious ready cooked cereal food made of corn these crisp, crinkly flakes serve many another useful purpose in home cooking.

Rolled into crumbs and used as an outer dressing for breaded veal, lamb, chicken, pork or ham; they give a zest to the "fry" that makes the home folks ask for more.

Softened with milk and used with usual spicing and fixing as an inside dressing for baked fish or fowl they impart a delicate flavor to the finished dish, reminding of the chestnut fillings that cast a halo around the days of old-time cooking.

Post Toasties are sold by Grocers everywhere—and everywhere folks who relish good things to eat, appreciate the delicate Indian Corn flavor that makes

ALLEGED CONSPIRATOR WHO HELPED THAW ESCAPE AND THE GATEKEEPER

HOWARD H. BARNUM

THAW CASE

Continued

idently waiting for Thaw's release from jail, when they would have pounced upon him, and it is firmly believed, ordered his deportation at once.

Will Resist Removal
Thaw is, of course, resisting removal to the New York state line because that would entail his immediate incarceration in Matteawan.

Little importance is attached by the immigration department to the fact that Thaw has a through ticket to Detroit, which it has been contended by the defense would enable him to proceed out of Canada. The fact that Thaw is a lunatic in the eyes of the country from which he came makes his entrance into the Dominion illegal and gives the immigration authorities authority, once they get hold of him, to detain him or immediately ship him back from whence he came.

W. L. Shortell, K. C., one of Thaw's

lawyers, left for Ottawa last night to confer with the department of the interior. His purpose is believed to be to endeavor to secure a promise from the department that Thaw may select his own destination. It is held here this morning by one of Thaw's counsel that he might go to South America.

This was another beautiful day in Sherbrooke, crisp, cloudless and invigorating. Notwithstanding the ideal weather there was no early gathering of the curious about the courthouse or the jail.

His Montreal Lawyer
The summoning of Mr. Greenshields from Montreal to take precedence over all Thaw's lawyers has served to confirm the impression that the fugitive's relatives, so far as possible, are taking the conduct of the case out of his hands. Mr. Greenshields is described here as one of the ablest lawyers in the Dominion, who rarely takes a criminal case. He is being assisted by Mr. Shortell of Montreal and Charles D. White and Colonel Harry Fraser, both of Sherbrooke. It is said that Thaw knew nothing of the retention of Mr.

Greenshields until the attorney arrived here. The law in the commitment on which Thaw was lodged in jail consists not only of omission of a date for a hearing of his case, but also of his status in the Matteawan hospital. Wm. White, who was Thaw's chief lawyer until Mr. Greenshields came, said today:

"We delayed taking advantage of the writ of habeas corpus to get better acquainted with the case. It may be that we will wait a week. There is a corporal's guard of us lawyers on the case and we have to move slowly in order not to step on each other's feet."

Many Women in Court
As 10 o'clock came round a small crowd, most of them well dressed women, began to gather in the superior court. They had not heard that the proceedings were off for the day, and were apparently in for a long, disappointing wait. Groups of girls gathered on the street corners in the vicinity of the jail and others sat on the courthouse lawn.

One of Thaw's chief worries just now seems to be how much of the synopsis of ex-District Attorney Jerome's speech to the jury in 1908, which he (Thaw) handed out to the press with a request that it be published, was used by the American and Canadian papers. The synopsis emphasized Mr. Jerome's opinion that Thaw was not insane. The prisoner has telegraphed to a number of papers the request that he be supplied with a copy of what was dispatched to them on this speech.

There was standing room only at 10:30, and the corridors outside were filled. Compared with the evident apathy of the townspeople yesterday, the interest in the case today was marked. Leaving the judge's chamber, the court room. "We are just waiting," they said, but the belief became current that they had not abandoned all hope of getting Thaw into court earlier than his lawyers planned.

Had Through Transportation
Thaw's contention that he had through transportation to Detroit was verified by long distance telephone this afternoon with the railway agent at Conitook. It was there that Thaw purchased his ticket.

The Glynn Telegram
Acting Governor Glynn sent the following telegram this afternoon to the secretary of state and the secretary of commerce and labor at Washington:

"In the name of the state of New York we request that you use Canadian immigration authorities to deport Harry K. Thaw to the state of New York."
(Signed) "Martin H. Glynn, Acting Governor."
"Thomas Carmody, Attorney General."

Officers Protest Delay
New York state representatives and Dominion immigration officers protested at the delay, but Superior Judge Globensky announced that, as a circuit judge, he would not return here from Montreal until next week.

The seven-days' delay in the proceedings was hailed as a victory by Thaw's counsel, who have been fighting for time along. Thaw, in his cell, knew nothing of what transpired.

Demand Thaw's Surrender
OTTAWA, Ont., Aug. 21.—Formal demand for the surrender of Harry K. Thaw was made by telegraph upon the Canadian immigration authorities here

today by Acting Governor Glynn of New York.

The department replied that it would take no action till the present extradition proceedings had been concluded.

The department let it be known that it would seize Thaw and attempt to deport him should his extradition to the United States be refused by the Dominion courts.

Mr. Glynn's telegram requested that Thaw be turned over to District Attorney Conger who is now in Sherbrooke representing the state of New York.

The immigration department was prepared for legal resistance by Thaw against its plan to deport him. In this the department believed he would be unsuccessful.

It is the present intention of the department to return Thaw to the United States at the point on the boundary line nearest Sherbrooke. This is in New Hampshire.

Acting Governor Glynn was advised over the telephone by the immigration authorities at Ottawa this afternoon that they would use every effort in their power to assist in having Harry K. Thaw returned to New York state.

Entered From Vermont
CAVENDISH, Vt., Aug. 21.—It appears today that Harry K. Thaw entered Canada from Vermont and not directly from New Hampshire, as had been supposed. The village of Beecher Falls where he left the train is on the Vermont side of the boundary line between the states. It is in the town of Canaan, Vt.

This is believed by state officials to be the basis for the report from Sherbrooke, Que., last night, that Thaw was likely to be turned over to the Vermont authorities.

Beecher Falls is in the extreme northeast of the state and very close to the Canadian line. From this village Thaw drove by team, and he did not again enter New Hampshire, though he might have done so by taking a roundabout route. It is expected that this point will be definitely determined and the Canadian authorities informed accordingly.

Governor Allen M. Fletcher, at his home here today said that he did not wish to make an official statement as to the attitude of Vermont should Thaw be returned to this state as an undesirable emigrant to Canada. The governor, however, had before him a statement by Attorney General Rufus E. Brown which the executive said best expressed his own view.

Would Surrender Thaw
The attorney general declared that he considered Thaw an undesirable and dangerous person, and that if he had the authority to do so he would surrender the fugitive to the police of New York state.

Concerning the attitude of the state in the matter of Thaw's extradition, if it were asked for I can only say that personally I should be called upon to exercise it, I would surrender Thaw to the state of New York. I consider him not only an undesirable but a dangerous person," said Mr. Brown. "However, Thaw is in Vermont and the state of New York seeks to have him surrendered simply on the basis of that he has escaped from an insane asylum it probably would be an altogether different matter."

The attorney general added that he could hardly see how by any legal means Thaw could get into Vermont, though he might have crossed Canada through the point of entry at Beecher Falls. He thought it probable that Canada would if possible cooperate with the authorities of New York and return the prisoner direct to that state. "As they do not want Thaw in their hands," he said, "they will not surrender him."

Rounding Up Witnesses
COLEBROOK, N. H., Aug. 21.—Canadian immigration officials were here today rounding up witnesses for the proceedings which will be instituted at Sherbrooke, Que., against Harry K. Thaw as an undesirable alien.

Deputy Sheriff D. H. Kelsen, who brought about the fugitive's arrest, testified that he was in Sherbrooke at 10 o'clock tomorrow morning. Kelsen said for Canada this afternoon and expects to tell of the route taken by Thaw after he left Beecher Falls, Vt.

Kelsen said today that Thaw entered Canada from Vermont. Beecher Falls is less than a half-mile from the line, but Thaw took a roundabout route with the idea of reaching Hartford and so covered about four miles before reaching Canada, but did not at any time re-enter New Hampshire.

Others requested to appear at the hearing at Sherbrooke include the lawyer who drove Thaw and his companions from the railroad station at Beecher Falls to a point just north of the Canadian line.

There is interest in this testimony, as it is thought that the New Hampshire authorities might refuse to permit the deportation of Thaw to this state when it is legally established that he entered Canada from Vermont.

Thaw's Friend Bought Saloon

NEW YORK, Aug. 21.—Information reached the district attorney's office today that Richard J. Butler, who is said to have aided Harry Thaw in his escape from Matteawan, had purchased a saloon in the Tenderloin last week, putting up \$5000 cash and giving a mortgage for the balance. The district attorney began an immediate investigation of the report to determine if possible where Butler got the money. Butler is one of five men for whom warrants have been issued charging conspiracy in aiding Thaw to escape.

Attendant Barnum Held
POUGHKEEPSIE, N. Y., Aug. 21.—Howard H. Barnum, the attendant on duty at the entrance to Matteawan asylum grounds when Harry K. Thaw escaped last Sunday, was arraigned before Supreme Court Justice Charles Schaefer today and held in \$1000 bail for examination September 6, on a charge of bribery to effect Thaw's escape. Barnum's arraignment was simply for fixing his bail. His lawyers said they would secure bond for him during the day.

Well Known Veteran
Passed Away
Mr. William Corcoran, a well known resident of this city, died today at St. John's hospital after a brief illness. Deceased was born in Glanville, Irish County Cork, Ireland, in the year 1837, and came to this city just 32 years after, having resided here for the past 59 years. He was a veteran of the civil war and was known to a great many local people as Colonel Corcoran. He leaves one son, John W. Corcoran, 55. The body was removed by the chapel of Undertaker John Rogers.

ELMHURST, SUMMER HOME OF THAW'S MOTHER, WHERE SHE GRIEVES OVER HER SON'S ARREST

MRS. WILLIAM THAW'S SUMMER HOME, ELMHURST, CRESSON, PA.

CRESSON, Pa., Aug. 21.—Mrs. William Thaw, mother of Harry K. Thaw, received word of her son's capture in Canada shortly after she had arrived at Elmhurst, her summer home here. The message was a sad blow to the aged but devoted mother, for she had been led to believe by the short message which she had received from Harry after his escape from the Matteawan (N. Y.) asylum that he would join her at Elmhurst as soon as he had taken a rest. It is the general opinion here that Thaw never intended to come to Elmhurst, but wrote that to his mother as a blind, his real intentions being to sail from Canada for England.

OPINION CONFUSED

MOVEMENTS IRREGULAR IN EARLY TRADING TODAY

Absence of News on Important Matters Caused Traders to Hesitate—Market Closed Steady

NEW YORK, Aug. 21.—Speculative opinion was confused and movements of stocks were feverish and irregular in the early trading today. Absence of definite news regarding the most important matters now hanging over the market caused traders to hesitate, and no well-defined movements were discernible, although the undertone was heavy. Initial prices disclosed irregular changes, with a downward tendency among the speculative leaders.

Closing out of short contracts yesterday and the advance in the latter part of the day apparently weakened the technical position of the stock market, and in the face of the unfavorable features which the situation presented today traders were not of a mind to support prices. Renewed selling from abroad, particularly of Southern Pacific, was one of the chief influences in depressing quotations.

Completion of the speculative ventures undertaken by the interest deprived the trading element of cues to follow. The volume of business in consequence was small in the afternoon. Foreign selling embraced the copper stocks as well as the Pacifics, amounting to about 13,000 shares. Price changes among the leaders were negligible, the list hovering close to the earlier low figures.

Announcement of a reduction of \$2 a ton in steel billets provoked selling of United States Steel and the heaviness of this stock market favorite affected the entire list, which continued heavy throughout the morning. News from Mexico threw no clear light on the situation there, and resumption of the advance in the corn market was regarded as unfavorable. Southern Pacific fell to 90 1/2, the lowest since the terms for the sale of the Union Pacific's stock were announced. Bonds were irregular.

Union Pacific, Smelting and Amalgamated, with losses of a point each, were heaviest. After the first few minutes the list rallied, but did not hold its improvement, and by the end of the first half-hour prices were lower than at the opening. Steel was under pressure, declining a point. National Biscuit continued with a rise, with a further gain of two points.

Cotton Spot

NEW YORK, Aug. 21.—Cotton spot steady. Middling uplands 12 1/2; Gulf 12 1/2; sales 200.

ACTING GOV. GLYNN

A Hummer When He Gets Down to Work

ALBANY, N. Y., Aug. 21.—The new executive chambers were an air of business when Acting Governor Glynn got down to work today. In one corner of the new reception room a large oil portrait of William Suizer beamed benignly on all comers. This is one of the collection of portraits of speakers of the assembly which adorns the room.

Police officers from Georgia and Massachusetts were waiting for the acting governor with requisitions for the extradition of fugitives from justice. Mr. Glynn attached his signature to the papers as his first official act of the day. The men sought are Homer Reid of Georgia, charged with swindling, and Lawrence B. Newhall of Pittsfield, Mass., who is accused of deserting his family. Both men are in custody in New York.

Nothing Like It

If you are a lawyer, physician, or dentist why "hide your light under a bushel," so to speak, in a dark, gloomy, unlighted office, while the New Sun building affords such splendid accommodations at about the same cost.

A LITTLE NONSENSE

WHY WE DON'T GO HOME
A little car,
And there you are
A little way to roam.
Stuck in the mud
Up to the hub,
That's why we don't go home.

SATISFACTORY.
"This is a jolly old world," said Short.
As abroad he started to go.
"I've actually borrowed money enough
To pay every cent that I owe."

MUSICAL COMEDY.
Lyrics, Laughter and Limbs,
Women and Wit in Whirls;
Melody, Mirth and Maids,
Giggles and Gowns and Girls.

HIS AD.
"No children taken," said his ad.
"Was thus a life was shown.
He'd have none—he already had
A dozen of his own."

SIMPLE ENOUGH.
If what we want we do not see,
Let's ask for it. The method's plain.
And if we do not get it, we
May, next day after, ask again.

HIS FRANK LUDSIN.
"And did you wed her for her charms?"
The question sounded funny;
He said, and wiped his coat of arms,
"I had to have the money."

DID JOS. TAKE THE BAG OF MONEY

That is the Question Judge Enright Has to Deal With—Larceny Case in Police Court

After several postponements covering a period of nearly three months the case of Joseph McGary, charged with larceny from the Pitts Auto Supply, was again brought to trial before Judge Enright today in the police court session. The prosecution completed its case this morning and Judge Enright took the case under consideration without the defence putting in any evidence, for the purpose of finding out whether the defendant can be held on any or all counts made against him.

Mr. Pitts was the first witness placed upon the stand. His direct testimony was completed at the last hearing and today the lawyer for the defence, Daniel J. Donahue, subjected him to a grilling cross-examination. Attorney Regan, for the prosecution, also examined the witness at some length.

Mr. Pitts was not at all certain of his dates and the attorney for the defence made an item of this fact. Mr. Pitts admitted that he had made out his data, which he used at the last hearing to refresh his memory, after the warrant was gotten out for the boy's arrest. Mr. Donahue also made a big point of the admitted fact that Mr. Pitts had rung up a sum on the

PORTLAND WINS THIRD GAME

Lowell Lost Last Portland Game of Season — Moran a Puzzle and Errors Help

Lowell lost the third game of the last Portland series of the season yesterday, when Duffy's ball tossers landed upon both Maybom and Henderson, who relieved him in the fourth. Lowell also felled poorly and could not find Moran, the twister recently purchased from Providence by the Portland club. The final score was 10 to 1. Portland was luckier than Lowell in that her errors did not result as disastrously as the local team's. Portland started the scoring in the second and went right along without giving Lowell an opportunity to recover its lost territory. In the fourth Duffy's men put over three more scores and in the fifth and eighth five more tallies came across. Lowell scored her four runs in the eighth inning on a pass, three hits and two wild throws. The score at this point was 7 to 4, but Portland quickly put an end to all Lowell hopes by hitting in three runs in their half of the eighth.

Halstein started for Lowell both in the field and with the bat. Several of his twelve put outs were difficult chances, but the Lowell first sacker took everything in sight. Halstein got two of Lowell's six hits, one of which was a double. The score:

PORTLAND									
	ab	r	bb	po	a	e			
Burns, cf	5	0	0	4	0	0			
Bowcock, 2b	4	1	1	1	5	1			
Hickman, ss	5	1	0	2	3	1			
Courtney, rf	3	1	1	1	0	0

WATER BASEBALL NEWEST THING IN AQUATIC SPORTS; FIRST GAME IS HIGHLY EXCITING

NEW YORK, Aug. 21.—Water baseball is the latest aquatic sport to be perfected. Of course everybody has seen bathers throw a rubber ball to one another, but a regular game of baseball played in the water is something brand new. The first regulation game was played here by a number of expert swimmers, including Commo-

DIAMOND DAZZLES

Leaves the young infielder, recently led out by the Whalers, signed with Lawrence. He played short in part of the second game yesterday and did not have a fielding chance.

Manager Johnny McGraw is bound to brace the Giants. He realizes that Ed Konechey is not satisfied with St. Louis and that Merkle is not playing up to form, so he goes after the big Windy City first sacker.

Hugh Duffy must think a whole lot of Levesque. The young catcher, as he has been working him in nearly every game recently. His batting has been excellent.

Manager Louis Pelper has been having trouble recently. He has shifted his men all over with little results, and now he signs up a couple of new men.

Jack Flaherty, a member of last season's Worcester team, who was released early this spring, has been let out by Brockton, and immediately signed to play third for Lawrence.

Flaherty is from Scranton. He was purchased by Brockton from the Naps, who two years ago was the sensation of the New England league. Shorten, who is still playing with Worcester, came with Flaherty at O'Neil's suggestion.

Two recent additions to the pitching staff of the Lynn New England league club will no longer be seen at Ocean park because Manager Flaherty has sent Conley back to the Calais club of the Maine-New Brunswick league and released Hadley, a south-paw from Beverly. The Lynn club has purchased for \$500 Shorten, McPherson of the Calais club and he will report at once.

John Lavan, who has played at short for the local American league club, was sold to the Philadelphia Athletics Monday for the walter price of \$2500. Lavan joined the local team in July and came from the University of Michigan. Lavan's fielding average in 15 games was .955 and his batting .145.

The Brooklyn National league club released Cliff Curtis, pitcher, to Newark of the International league last Saturday. It was announced that Pitcher Curtis, purchased from Grand Rapids, would join the club today.

Pitcher Elmer Brown, bought from Montgomery, Sept. 7, and Shortstop Mowse, from Troy, Sept. 1, pitcher Halton, the Newark southpaw, is due here on Aug. 21, and Shortstop Taylor Oshkosh, early next month. Outfielder Collins, from Newark, reported to Manager Dahlen yesterday.

A side angle of the Cobb offer by Griffith is the view Walter Johnson may take of it. So far the pitcher smiles, but says nothing. While being interviewed on the subject, Griffith said that Johnson was worth twice as much as Cobb, or \$200,000. Johnson gets \$100,000 Cobb \$150,000 this season. At Griffith's own rating, Johnson is entitled to \$250,000 a year. Suppose Johnson decided to ask for this amount instead of the modest \$100,000 which he is expected to demand, will Griffith be able to release it? Can he call it too high after all this josh about Cobb's value? If Johnson does succeed in getting \$100,000 or \$150,000 next year, he

may thank Griff for having such an exalted view of a player's value.

The national board of arbitration governing minor league baseball, allowed the claim of the New Haven club against C. F. Murphy, Secretary John H. Farrell of the National association announced today that national association clubs may have title to a limited number of players at any time, exclusive of managers and ineligible players, as follows: Class A, 25; class B, 26; class C, 21; class D, 22. No club shall carry more than five suspended players on its reserve list.

AMATEUR BASEBALL

The Bleasbery A. A. and the North Andover A. A. the latter one of the fastest semi-professional teams in the state will meet at the South common on Saturday afternoon. The Bleasbery boys claim the championship of the city and are willing to line up against all challengers for the title.

The manager of the Hustler second team would like to meet Manager Mahoney of the Glenmore second team at Davis square tonight, about 7.30 o'clock. Manager Duff of the Hustlers would like to arrange games with any other amateur team and gives his address at 26 Kinsman street.

The "Reds" would like to play the team calling themselves the Royal R. boys on next Saturday for two quarter balls. The manager of the "Reds" who presents the following lineup would be pleased to meet the manager of the Royal R. team at Carr's park and room some evening during the week: C. Joseph; p. Healy; 1b. Espinola; 2b. Leary; ss. White; 3b. Lima; lf. Cunha; cf. Corrier; rf. Medina.

The Hustlers have an open date for next Saturday and would like to play any strong amateur team in the city. Send all challenges through this paper.

The bundle clerks from the A. G. Pollard company will lineup with Friend Brothers Dough Mixers on the Textile campus at 5 o'clock this afternoon.

Manager Berger of the Salem A. C. wishes to state that the team is still in the limelight and has not disbanded, although rumors to that effect have been passed around. The team is minus the services of J. Cagnon, and anyone wishing to learn the condition of this player kindly communicate with Leo Berger, 25 Dore street.

The Shamrocks accept the challenge of the St. Columbas for September 6 and would like to meet Mr. Mullen, the manager, Thursday night at 5 o'clock at the Sun office.

Athletes and Athletics

Back O'Brien has been sent to the bushes at last. It was apparent to everyone at the beginning of the season that O'Brien had lost the cunning of his pitching arm and when the White Sox took him from the world's champions it was for the wolver price. Back couldn't make good, however, and was sold yesterday to the Oakland, Cal. club.

Many think that Sam Richards stands the best chance of making the English channel swim after his recent feat of swimming to Boston Light and back. This feat requires marvelous endurance powers as well as speed. The swim across the channel is a severe tax on a man's "standing up" qualities and Richards seems to have proven that he has a wonderful build for long distance aquatics.

The biggest surprise that grand circuit followers have received this season was sprung yesterday when Joe McDonald with Alredale slipped by Tommy Murphy with Peter Volo a few lengths before they went under the wire in the first heat. Peter Volo is expected to break the record for two-year-olds before the season closes. Murphy drove his nag home a winner after his lesson in the first heat.

It still looks as though the Macks and the McGraws would do the battling for the title of world's champions. It is hard to see where either team can be headed, especially the Giants. The Athletics are hard put to do it for pitchers just now, but it does not seem possible for the Cleveland team to pull down their lead and haul in the American league flag.

"Tham" Langford will display his hooks and jabs to the public next week on the stage of a Boston theatre. Joe Woodman, Sam's manager, has announced that his boxer will probably meet Jack Johnson in the late fall or early in the winter abroad. Johnson will fight just as soon as he is broke and not much before. A few more cash balls jumped and the big heavyweight would be looking for fight anywhere.

At the meeting yesterday of the

International Amateur Athletic Federation held at Berlin, Germany drew up a set of rules that were prepared by the American A. A. U. under the supervision of James E. Sullivan, its secretary. It is thought that a German team of athletes will accompany the American delegates back to this country to compete in the San Francisco exposition.

Well, two out of three is sufficient for our present needs. Three games in a row from the Maine team is a trifling too much to expect. Maybom's slow ones were gobbled up greedily by the Portland club swingers.

Brockton will play at Spaulding park tomorrow but New Bedford will not be seen here Saturday in the double-header which Manager Gray hoped to have transferred. The owners of the Whalers expect to draw a big crowd on their home grounds with Lowell as an opponent.

Rorty of the red tatch was again in much trouble yesterday. However, it has got to be well known around the circuit that the doughty little red-headed umpire can take care of himself and needs no condolences.

Finneran won his spurs yesterday as pinch hitter when he went into bat for Henderson in the ninth. Beside hitting the ball safe Joe stole both record and third which is going some for a pitcher.

Collins, the new outfielder secured by Brooklyn from the Newark team, broke into the National league like a young cyclone yesterday. He batted out four singles, scoring two runs and sending in three more. Henderson and Finneran are both from Newark and broke into baseball with Collins.

Secretary Cooper is very severe in his criticisms of Duffy's tactics in his home city. Duffy on the other hand is incessantly finding fault with the way New England league affairs are handled. It appears to us, Mr. Duffy, as though you were looking for everything in sight and then none.

THE TENNIS CHAMPIONS

From Six Cities in Match at Newport

NEWPORT, R. I., Aug. 21.—Eighteen well known players, representing six cities, and including Champion Maurice E. McLoughlin of San Francisco, were still in the running when the all-convuls tournament for the national lawn tennis championship was resumed on the Casino courts today.

Of the number Philadelphia and New York had five each, San Francisco and Boston three each, while two players hailed from Hartford and this city.

The only clash of fellow citizens was between two Bostonians, George Peabody Gardner, Jr., and Nathaniel W. Niles, both of the Longwood Cricket club.

There was considerable speculation about the Casino this forenoon as to the identity of the quarter for the semi-finals, which are expected to be reached on Monday, weather permitting.

Close students of the sport seemed agreed that the chances in the top quarter depended upon the outcome of the Gardner-Niles contest, and in the lower, upon the probable match on Saturday between McLoughlin and Clothier.

In the middle sections the struggle appeared to be between Wallace F. Johnson of Philadelphia, E. H. Whitney of Boston, John R. Strachan of San Francisco, R. Norris Williams, 2nd, of Philadelphia, and William Johnston of San Francisco.

In the belief that contest between the two last named players would prove of greater interest than the other, the committee gave it the place of honor on the grand court today.

In Johnson and Williams, the tennis world at Newport this year saw two of the youngest players that ever faced each other on the championship court, not only in age but experience. Williams is 26 and Johnson 15, while the nationals this year is the second for Williams and the first for Johnson.

Yet both stood on the court today as veterans, Williams having been a member of the successful Davis cup team, while Johnson's career through the east this summer, winning the Pacific coast title with a series of brilliant victories until Southampton was reached. There the latest product of the California tennis workshop fell before the imperturbable Clothier.

Williams was a slight favorite in the betting before the play began.

THE CURRENCY BILL

Possible Changes Discussed by Committee

WASHINGTON, Aug. 21.—While democrats of the house were thrashing out differences over the administration currency bill in caucus yesterday, Chairman Owen and his democratic associates on the senate currency committee began the consideration of possible changes to be made in the measure when it is taken up in the senate.

Senator Owen visited the White House early in the day and held a short conference with the president. He made it clear later that he expected to support the administration bill, but that he held himself free to recommend such changes as he considered advisable.

His suggestions Tuesday to members of the committee that changes might be necessary in the plan for regional reserve banks occasioned general comment in congressional circles yesterday.

The meeting of the democratic members of the senate committee yesterday brought out a number of tentative suggestions for amendments, but no definite plan of action. Senators Shafroth and Hollis, at the conclusion of the conference, expressed confidence that a currency measure would be passed at the present congress and Chairman Owen said there was "no doubt of it."

"I believe we will perfect a bill that will be satisfactory to the administration," said Senator Hollis, "and expect to support what is known as the administration bill, but the senate would not think it had done its duty if it did not improve it."

No Comparison

SOLDIER ROBBED AT BUNKER HILL

Nearly a Half Century Ago Asks the Government to Reimburse Him—He Lost \$990

WASHINGTON, Aug. 21.—Nearly a half century ago George Chorin, then a dashing young soldier in the First Massachusetts Volunteer Infantry, lost \$990; today he wants the government to reimburse him and has appealed to congress for it through Representative Mitchell. The latter is not quite clear as to what can be done for the veteran and as for interest on the amount he has so far balked at any attempt to figure it.

Chorin explains that back in the sixties, just before his regiment was mustered out he was set upon and robbed by four men of his own company while in camp at Bunker Hill, Maryland. He was on guard at the time. While the identity of the men was known, Chorin alleged, there was no court martial because of the disbandment of the regiment which then was under way.

LABOR DAY PROGRAM WORKMEN WERE PENNED

Arranged by Trades and Over 400 Feet Under the Street

An enthusiastic meeting of the Labor day committee was held last night at 22 Middle street and considerable business was transacted. The question of having fireworks on the common in connection with the band concert in the evening was discussed at length and finally a committee was appointed to look into the matter and report at the next meeting.

The committee on sports reported that it had secured the use of the C. M. A. C. grounds for the tug-of-war and that all unions intending to enter a team in the contest must report to the secretary not later than Aug. 30. The aides to the chief marshal in the parade will wear silk hats, frock coats, black trousers, blue sash, white gloves and baton. The route of the parade will be given at the next meeting by Chief Marshal Warnock, at which time the various organizations will draw lots for their positions in the parade. The next meeting will be held on Thursday evening, Aug. 28.

THE RURAL CHURCH

And Public Health—Latter Asks Church to Join Hands With it in Giving Men Better Bodies

"No social agency is more earnest in its demands upon the church for cooperation than public health, and no agency offers a greater return for such cooperation," says Dr. Emmon W. Williams, health commissioner of Virginia, in a bulletin just issued by the United States bureau of education. "Public health asks the church to join hands with it in giving men better bodies, and it promises that when men's bodies shall be stronger, their spirits will be nobler. Public health asks the church to assist it in making sanitary the community to which the church ministers; and it pledges the experience of the world to show that when this is done, none will benefit more than the church. Other things equal, the healthy man is the moral man, and the sanitary community is the spiritual community."

"The first means of cooperation on the part of the church is in preaching the dignity of the human person, the sanctity of the individual body. This will enable the church to justify the health officer in his demand for a sanitary community—will, indeed, make that demand irresistibly logical. If the body is sacred, then the body deserves a sanitary surrounding and depends upon it. The permanence of our fight for better health must rest, in part at least, upon an awakened public conscience which will view disease as second only to sin, cleanliness as next to godliness."

"The church should, in a very practical way, illustrate the necessity of sanitation by being itself a model of sanitation. It should be well ventilated, well kept, supplied with proper outhouses and with a safe supply of drinking water. Many of our rural churches fall far short of this. Cleaned only when ill becomes unbearable, ventilated by chance or accident, generally without any outhouses and supplying water from a rusty bucket and a dirty tin dipper, the church often times is a focus of infection. If it is to stand as the evangel of good health, it must be sanitary. If it is to preach the gospel of fresh air, it must be well ventilated."

The Best Food-Drink Lunch at Fountains

Insist Upon ORIGINAL GENUINE HORLICK'S

Avoid Imitations—Take No Substitute
Rich milk, malted grain, in powder form. More healthful than tea or coffee. For infants, invalids and growing children. Agrees with the weakest digestion. Pure nutrition, upbuilding the whole body. Keep it on your sideboard at home. Invigorates nursing mothers and the aged. A quick lunch prepared in a minute.

CAUTION!
DAN-DE-LI-O
Of Boyle Brothers

They are the only bottlers who sell the GENUINE. We want to warn the public against the imitation. DAN-DE-LI-O is a registered trademark of the Boyle Brothers. DAN-DE-LI-O is put up by Boyle Bros. only. In bottles plainly labeled DAN-DE-LI-O. DAN-DE-LI-O is healthful, refreshing, sparkling, and is the best temperature drink made.

MACHINISTS' MEETING

Condemns the Taylor Efficiency System

Fifty-two new applications for membership were received at the meeting of the new local machinists' union last night, which was held in Hibernian hall. The large hall was filled to the doors, and much enthusiasm prevailed. It is stated that the union has now over 600 members.

Considerable business was transacted at last night's meeting, including the appointment of a committee to attend the meetings of the Trades and Labor council, the choice being as follows: William Ireland, George Walley, Michael Monahan, Thomas McNabb, Patrick Donohue, William Hall and Thos. Daley.

The foisted Taylor efficiency system, now in force at the Saco-Lowell shop was discussed at length, and the men protested against this system. The men decided to turn out in full force for the Labor day parade, and it was voted to impose a fine of 50 cents on members who failed to appear in line. Thomas Monahan was elected marshal of this division and Robert Spencer, assistant. Among those who spoke were John J. Brown, Nashua; Michael A. Lee of the Carpenters' union, and Frank Young of Boston.

THE SCHOOL BOARD

Will Hold an Important Meeting Tonight

Various matters left unsettled at the last meeting of the school board will come up tonight for settlement. Among these are the final arrangements for opening the schools, the assignment of new teachers, the question of filling vacancies in the industrial school and the matter of whether a principal will be elected in the Riverside school. There will undoubtedly be many other matters of importance up for consideration as the opening of the schools is but a few weeks off.

POSTMASTER WANTED

The Salary is 24,300 Cents a Year

The United States civil service commission announces that on Sept. 27, 1913 an examination will be held at Lowell, Mass., as a result of which it is expected to make certification to fill a contemplated vacancy in the position of fourth class postmaster at Dunstable, Mass. and other vacancies as they may occur at that office, unless it shall be decided in the interests of the service to fill the vacancy by reinstatement. The compensation of the postmaster at this office was \$243 for the last fiscal year. Age limit, 21 years and over on the date of the examination, with the exception that in a state where women are declared by statute to be of full age for all purposes at 18 years, women 18 years of age on the date of the examination will be admitted.

Applicants must reside within the territory supplied by the post office for which the examination is announced. The examination is open to all citizens of the United States who can comply with the requirements. Application forms and full information concerning the requirements of the examination can be secured from the postmaster at Dunstable and the local secretary at Lowell, or from the U. S. civil service commission, Washington, D. C.

Applications should be properly executed and filed with the commission at Washington at least seven days before the date of the examination, otherwise it may be impracticable to examine the applicants.

Other Examinations
Other examinations under the civil service commission and the dates they will be held are as follows:

Sept. 3.—Special agent, female, bureau of labor statistics, salary \$1200 to \$1600 per annum.
Fireman, bureau of standards, salary \$720 per annum.
Assistant curator, (male), salary \$1500 per annum.

Sept. 8.—Senior animal husbandman, (male), salary \$2500 per annum.
Sept. 16.—Apprentice plate cleaner, transfer and engraver, (male), salary \$1500 per annum.

Sept. 17.—Inspector of shoes and leather, (male), salary \$1200 per annum.
Examiner of surveys, (male), \$1200 to \$1500 per annum.

Preparator of textiles, (female), salary \$60 per month.
Preparator in entomology, salary, \$60 per month.

Statistical clerk, salary \$1200 per annum.
Assistant engineer in forest products (male), salary \$1200 per annum.

Press feeder, salary 25 to 27 1/2 an hour.
Record examiner, (male), salary \$1500 to \$1800 per annum.

Assistant in botanical laboratory work, (male), salary \$1800 per annum.

JUMPED FROM WINDOW

Man Leaped from Third Story Window to Escape the Phantom of a Dream

A man named Joz Fernandes Silva jumped from the third story window in his home at 21 Mill street shortly before 2 o'clock this morning, sustaining injuries to his back. He was taken in the ambulance to St. John's hospital where he was questioned as to his act and stated that he neither was intoxicated nor attempted to commit suicide. It is the belief of the occupants of the house that he broke away from a dreadful nightmare and tried to escape while half asleep.

AMERICAN TROOPS FOR MEXICO

And Emergency Appropriation of \$25,000,000 Asked for in Resolution in Senate Today

WASHINGTON, Aug. 21.—American troops for police duty in Mexico for protection of foreign lives and property and an emergency appropriation of \$25,000,000 to be expended under the direction of the president for that purpose were proposed in a resolution today by Senator Penrose.

He did not ask the senate to pass his resolution today and it went over. A concerted effort upon the part of republicans and democrats to support President Wilson in his Mexican policy and to carry to the world the definite idea that the president has the full support of the American people at once became apparent.

Stand By President

Introduction of the resolution was followed by a general demand on the part of the republicans, seconded by Chairman Bacon of the foreign relations committee, for a cessation of all debate and to support President Wilson.

Emphatic and concerted declarations from senators of both parties of their confidence in the wisdom and good faith of the president were plainly in answer to reports from Mexico that Huerta was contending that the president had a divided congress and a divided public opinion behind him.

"It is our duty to uphold the hands of the president," said Senator Sutherland, republican. "It is the part of patriotism and good sense to withhold any criticism until the situation has clarified. Until then we should

stand firmly behind the president, uphold him in his negotiations and not embarrass him. I, for one, propose to do this."

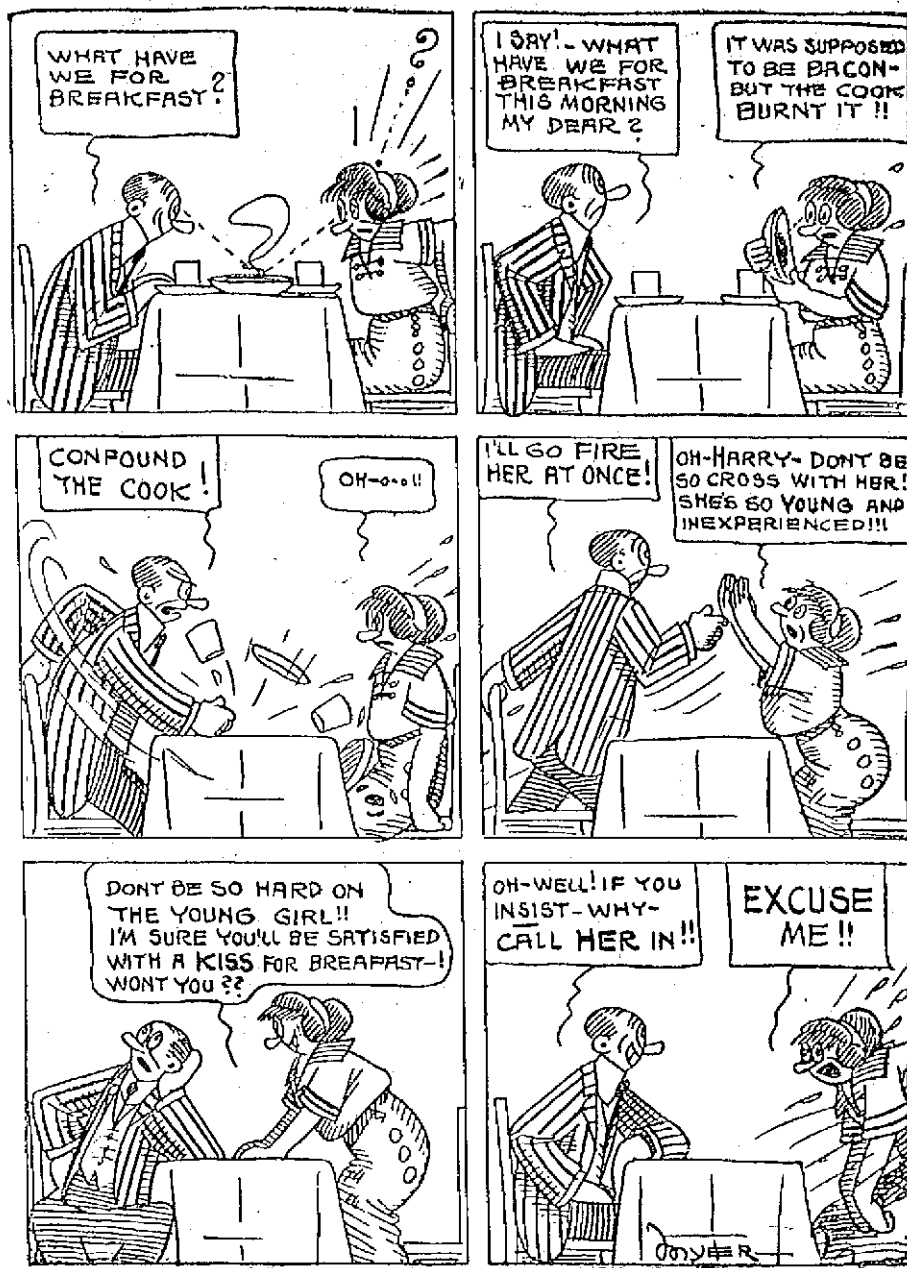

Senators Lodge, Gallinger, Nelson, Smoot and other republicans joined in a definite expression of their belief that the senate should give the world no occasion to believe that President Wilson did not have the confidence and support of leaders of both parties.

"Nothing that could have occurred," said Sen. Bacon, democrat, "could have given such emphasis to the construction some Mexican officials appear to have put upon conditions here, as the patriotic utterances that have been made today, on each side of this chamber. I am willing this debate should go to the world as the answer to those suggestions."

Senator Penrose did not attempt to debate his resolution and consented, at the request of Senator Bacon, to withdraw certain articles he had asked to have read. He said he had introduced the resolution in good faith, believing something must be done to stop "hostile robbery and molestation" exhibited toward Americans.

Senator Kern, democrat, read a recent speech by Charles W. Fairbanks, former republican vice president, urging all to uphold the hands of President Wilson.

"One thing the Mexican people should know," said Senator Kern, "that in a threatening situation like this the American people stand together like a stone wall."

BUSINESS IS GOOD

Record Crowd on the Cars Going to the Rockingham Fair—Ride Was Very Uncomfortable

The conductors who are working on the Salem, N. H., via Canobie Lake electric cars, today will without a doubt make a new record for the number of fares collected during the course of one day. Every car that left Merrimack square between 8 o'clock this morning and 2 this afternoon was overcrowded and many were obliged to remain in this city and wait fifteen minutes for the next car as no extras were run.

It is said that many of the people walked to the corner of Merrimack and Pawtucket streets or to the railroad crossing near city hall to board the cars and that often when they reached the centre of the city, even standing room was at a premium. The car that contained the greatest number of passengers left Merrimack square at 10.15 o'clock. It had 175

BANDITS SHOOT AT KING AND QUEEN

LONDON, Aug. 21.—Revolver shots were fired by bandits today at King Charles and Queen Elizabeth (Carmen Sylva) of Roumania, as they were riding in an automobile near Simai, a fashionable health resort of Roumania in the Carpathian mountains, according to special despatches received here. Neither of their majesties was injured. As soon as the bandits began firing the chauffeur of the royal car speeded up his machine and succeeded in carrying the king and queen to safety.

FIVE BURNED TO DEATH IN FARM HOUSE

DUBUQUE, Ia., Aug. 21.—Henry S. Sternweis, his wife and three small children were burned to death in a fire which today destroyed their home on a farm 15 miles northwest of Dubuque.

passengers and many who had got so far as the running-board were pushed out by the more successful passengers, the crowd was so great. There were two conductors in charge of this car and when Moody street was reached only a small portion of the fares had been taken.

WANT SPUR TRACK

Bay State Street Railway Petition Billerica Selectmen—A Convenience to Car Shop Workers

The Billerica board of selectmen have received a petition from the Bay State Street railway, asking them to build a spur track from the main line on Pollard street, North Billerica, to the railroad crossing on High street, a distance of about 300 yards. This will bring the tracks of the Bay State Street railway near the plant of the Boston & Maine and would make it more convenient for the workmen who come from this city.

It was first believed that a track would be built directly to the repair shops, but as a bridge would have to be built over the railroad crossing or a tunnel dug, there would be no danger of a collision this was not done and the railroad now wants to extend the tracks to the crossing. It is said that the residents of Billerica believe that many lives would be in danger if this was done as the stopping place would be but a few feet from the crossing and it would be necessary for the passengers to walk across the tracks to get to the shops. As far as is known, the selectmen have taken no action on the matter.

Went to Revere

The agents of the John Hancock Life Insurance company took a day off today and went to Bass Point where their annual outing was held. Promptly at 7.15 o'clock a large special car left Merrimack square for the beach and it was a merry group of life insurance policy holders that bowed over the road to the seashore.

Arriving at the beach shortly before 10 o'clock the members of the party journeyed around Bass Point and Nahant and learned that the committee in charge had a well arranged program of sports prepared. There were races for both fat and slim men and these were very interesting as much friendly rivalry existed between the different agents of the company. At noon the dinner bell was sounded and all proceeded to the Brenton house where a fish dinner was served. After the meal there were short speeches by several members of the party and some musical selections were given.

In the afternoon the Lowellites journeyed around to the different amusement places at the beach and took part in more athletic events and the greater number of the group enjoyed an hour or so in the salt water. Late in the afternoon the special car again pulled into the entrance at Bass Point and the John Hancock employees boarded the car for the return trip, all voting that today's outing was the "best ever."

The committee in charge of the sports which was a great factor in the success of the outing is as follows: Messrs. Gately, Adams, Smith and Nolet.

RUSH WORK ON ARMORED CRUISER

PORTSMOUTH, N. H., Aug. 21.—Orders were received at the navy yard here today to rush work on the armored cruiser Montana, which is undergoing her annual overhauling. Double shifts have been put to work and it is expected that the vessel will be ready to sail from the yard the latter part of the month. The Montana's destination is not officially known here, but it is reported that she will be sent to Mexico.

DEAN GOES LEAVES INCOME TO RADCLIFFE

CAMBRIDGE, Mass., Aug. 21.—The income of \$71,000, representing all but \$5000 of the estate of the late Dean Mary Coes of Radcliffe college, is left to Radcliffe in her will offered for probate here today. The remaining \$5000 is bequeathed to relatives. William G. Thompson of Boston is named as executor. Dean Coes died August 18, leaving \$16,000 real estate and \$60,000 personal property.

ARBITRATORS IN L WAGE DISPUTE HALTED

BOSTON, Aug. 21.—Hearings before the board of arbitration named to settle the wage dispute between the Boston Elevated Railway company and its employees, came to a sudden halt today as the result of a suggestion by Chairman James J. Storrow that in view of the time that has elapsed since previous conferences the interested parties might now be able to reach an agreement. James H. Vahey, who represents the street car men, and James H. Richards of the Elevated company retired and considered the matter and it was later announced that both sides were willing to again take up the matter in the hope that an agreement could be reached and a protracted arbitration meeting be averted. The arbitration board thereupon adjourned and it was announced that a private conference between the parties at interest would be held this afternoon.

APRIL-FOOLED.

I was awfully April-fooled last year. A fellow who owed me \$400 promised to pay it all, with interest, on the 31st of April. I told him that would be quite satisfactory and I would wait. Well, did he refuse to pay? Not at all, but the 31st of April refused to come around.

LEGAL NOTICES

COMMONWEALTH OF MASSACHUSETTS. Middlesex ss. Probate Court. In the heirs-at-law, next of kin, creditors, and all other persons interested in the estate of Nellie Hill, late of Lowell, in said County, deceased, Intestate.

Whereas a petition has been presented to said Court to grant a letter of administration on the estate of said deceased to Mary A. Wilson, of Lowell, in said County, or to some other suitable person.

You are hereby cited to appear at a Probate Court to be held at Cambridge, in said County of Middlesex, on the twelfth day of September, A. D. 1913, at nine o'clock in the forenoon, to show cause, if any you have, why the same should not be granted.

And the petitioner is hereby directed to give public notice thereof, by publishing this citation once in each week, for three successive weeks, in the Lowell Sun, a newspaper published in Lowell, the last publication to be one day at least before said Court.

Witness, Charles J. McIntire, Esquire, First Judge of said Court, do hereby certify that the foregoing is the true and correct copy of the petition and the order thereon, in the year one thousand nine hundred and thirteen.

F. M. ESTY, Asst. Register.

NOTICE My wife, Fabolla Waterhouse, has left my bed and board and I shall not be responsible for any bills that she may contract after this date.

W. E. DODGE, 9 Central St.

AMUSEMENT NOTES

Merrimack Square Players Geo. M. Cohan's great American comedy, "Get-Rich-Quick Wallingford," which ran for over a solid year in both New York city and in Chicago, is to be the attraction the coming week to be given by the Merrimack Square Theatre Players. In it "Wall-Rich-Quick" will be seen as "Wall-Rich-Quick," John Charles as "Blacky Daw," Miss Grace Young as the pretty stenographer, "Fanny Jasper." Tom Don, ex-mayor of Lynn, as "Timothy Battles," mayor of Wallingford, and five others were named.

DEATHS

SULLIVAN—Cornelius F. Sullivan died at his home yesterday afternoon. He was identified for a number of years in the printing business, having worked in nearly all of the large offices in this city as well as in Chicago and other western cities. He was a highly esteemed member of Lowell Typographical union, to which organization he had belonged for 23 years. When failing health came, Mr. Sullivan had the distinction of being the first Lowell member to draw a pension (which had been adopted) from the International Typographical union, which pension he drew up to the time of his death. Two sisters survive him, Miss Minnie F. Sullivan and Mrs. Helen Barry, the latter of Haverhill.

STILES—Mrs. A. Cora Stiles died yesterday at her home, 46 Worthen street, aged 59 years. She is survived by her husband, Joseph W. Stiles.

SOUTHMADE—Frank Southmade died last night at the city hospital, aged 50 years. He was a member of the Columbian church, and was connected with the Red Men and the United Order of Workmen.

FUNERALS

SMALL—The funeral of Mrs. Sarah I. Small took place yesterday afternoon from her residence in Gay street, North Chelmsford. The services were conducted by Rev. William C. H. Nease of Westport, Conn., and Rev. Franklin H. Reeves of the Congregational church at North Chelmsford. The bearers were Messrs. D. Francis Small, Edgar Dixon, Fred T. Duncan and James P. Sampson. Burial was in the family lot in the Riverside cemetery. The funeral arrangements were in charge of Undertaker George W. Healey.

BATCHOLDER—The funeral of Noah Batchelder was held from his home, 353 Westford street, yesterday. Services were conducted by Rev. James M. Crute, pastor of the First Presbyterian church. There were many beautiful flowers. The bearers were Chas. Hutchins, Philip Arden and F. J. Harrison from the Bay State Street railway, and Wm. L. Price. Burial took place in the family lot in the cemetery.

On the 23rd of August the U. S. Fat Man's club will meet for their mid-summer outing at the Bass Point House, Bass Point. The membership of the club is now quite a little over a thousand and they expect to have one of the greatest times known only to fat men. There will be running races, boxing matches, tug-of-war and other popular sports. Some Lowell men are trying to grow fat so as to be eligible to join the club.

An Innovation Two fast elevators always running and the other up-to-date features of the new Sun building are an innovation for Lowell and the patrons of the building.

MUNICIPAL COUNCIL

Continued

Alken street bridge, who will be liable?"

Mr. Dunbar: "The Locks and Canals Co. would be, but there is no fear of any damage being caused by the dredging of the river."

Mr. Mills: "The deepening would be made between the piers, and if any damage occurred the company would be liable."

Mr. Cummings: "Have you any alliance with the Lawrence Mfg. Co.?"

Mr. Dunbar: "They are two distinct companies, but Mr. Mills is engineer for both."

Company Can Remove Obstructions

Mr. Dunbar said the company can remove all obstructions in the river with the exception of the pipe, when it is ready to develop the power plant.

Mr. Barrett: "Has the company any plans for this proposed work?"

Mr. Dunbar: "Yes."

Mr. Barrett: "Mr. Mills told Mr. Thomas and myself in his office there were no plans for this proposed work."

Mr. Cummings: "What do you contemplate on the land around Alken street bridge?"

Mr. Mills: "A water power, consisting of water wheels all along the river."

Mr. Cummings: "If a company attempted to establish an electrical plant on the banks of the river near Hunt's falls, would your company object?"

Mr. Mills: "It would." He also stated the company has been and is now doing work at Hunt's falls.

Mr. Cummings: "Is water power worth anything?"

Mr. Dunbar: "Water power is very valuable in some cases and in others it is not."

Mr. Barrett: "Is the company paying taxes for the river bed?"

Mr. Dunbar: "Yes."

Mr. Barrett: "The land between the established river lines would mean many millions of feet of land. He said the city has filled in a lot of this land and it would be a good idea for the city to seize this land for park purposes."

Mr. Barrett: "Is the company responsible for the great expense the city has had in extending its sewer outfall on account of low water, as it would be in case of accident in dredging the river? I remember years ago when the sewer outlets were covered. Now they are open and it is a menace to public health."

Mr. Mills says "Not True."

Mr. Mills: "That is not true."

Mr. Cummings: "You don't claim we are using some of your water?"

Mr. Dunbar: "I don't know. If you don't use directly from the river, I don't presume you are getting it in your wells. The city is in wrong, as a commercial proposition it is doing what it ought not to do. You are delaying the development of the community. You can easily place your pipe to a depth where it will not interfere. If you cannot do it now, you can come to some agreement with the company as to further plans."

You have trespassed upon the land of the Locks and Canals Co., but not before any possible notice had been given to the city. You have adopted a route which other engineers may not have chosen. The route which you have laid out from West Sixth street to West Street."

Mr. Barrett: "We are not. We are starting out pipe at Ferry lane."

Mr. Dunbar: "Had you proceeded through West street across the river to Tremont street you would have cut the distance about half."

Mr. Barrett: "You forget that this main will protect one of the most congested districts of the city, West Centralville, and then with your plan a pipe would have been on private property."

Mr. Dunbar: "Exactly what you are doing now."

Mr. Mayor: "Gentlemen, I want to tell you this work was never done with the consent of the council."

Mr. Barrett: "I beg your pardon, the municipal council authorized the work."

Mr. Mayor: "The council never authorized Mr. Barrett to go on with the work, the city solicitor was notified to take legal steps to have the work done, and that is all."

Mr. Dunbar: "You have committed a trespass and you are legally liable."

Mr. Cummings: "We may have on the banks of the river, but I will not admit you own the bed of the river."

Mr. Dunbar: "It is now up to you to take steps to remedy the situation."

Mr. Mayor: "We are now on the land of the Locks & Canals Co."

Mr. Barrett: "We are, but we have a right to be there under the law."

Mr. Mayor: "We have no right to go on any man's land without complying with the law."

Mr. Barrett: "I have not done anything unless authorized by the council."

Mr. Mayor: "The council did not authorize such work, so to my mind it is a trespass. You, Mr. Barrett, have been at work on plans for six months and then you came to the meeting and in 15 minutes you wanted everything done."

Mr. Barrett: "I made plans to start work August 1. I conferred with the Locks & Canals Co.'s officials and with the war department. If the council had not authorized the work, it was unfair to me to make any such assertion that the work was not authorized."

Mr. Mayor: "It was not, the only thing that was done was to let the city solicitor take legal steps for the acquiring of this land. If any trespass was made it was not to the knowledge of the council."

The mayor asked the solicitor if the city was trespassing at the present time, to which Mr. Hennessy replied he did not believe it was just now.

Mr. Dunbar: "The Locks & Canals should get an injunction to stop the work and have the city remove the pipe from the river bed. You can help the community by laying your pipe in a manner so that it will not interfere with the development of the community."

There are only two things, we will maintain our rights or you will make some arrangements as to the proper laying of this pipe."

Mr. Hennessy questioned by Mr. Barrett said the city has a right to seize the land and suffer the damages, providing the water course is interfered with."

Mr. Thomas was called upon and related to the plan of the Locks and Canals Co. he said it meant a much

more expensive proposition, and he said he favored going near the Alken street bridge in order to protect that part of the city. He said on the other route the many buildings would interfere with the laying of the pipe. He said he believed he could save money by raising the grade of the pipe at the present time.

Mr. Thomas said in the original work of the water department the land was not condemned until after the work was done. He said it was natural for the Locks and Canals Co. to protest. Mr. Dunbar said the company was not protesting but wanted a solution.

The mayor asked if any member of the council wanted to make suggestions, and Mr. Barrett said he would favor that the city solicitor prepare at once the documents for the seizure of the land.

Mr. Dunbar said if the council agrees to lower the pipe at the proper time it will be satisfactory to the company.

Mr. Barrett: "Do you believe you can stop us from going on with the work?"

Mr. Dunbar: "Yes, and even can force you to take out your pipe which is already in the river. He then said if the river is ever made navigable, the pipe will be an obstruction."

The mayor suggested the city solicitor draw up an agreement for the settlement of this question and that meeting of the council, and the suggestion was adopted. This brought the conference to a close.

The mayor then read a copy of the law relative to the 12 tax rate, which enables municipalities to increase the amount of money to be raised for current expenses annually, and he moved and it was so voted, and a hearing be held next Tuesday at 11 a. m. at the present time the money available is \$12 per \$1000 of assessed valuation, with the new law a city may go up to whatever sum per \$1000 it, in its judgment, sees fit. The meeting adjourned at 12 o'clock until Tuesday morning.

BANKERS ARE STUNG

Gave Stranger Bonds for About \$10,000

BOSTON, Aug. 21.—Lee, Higginson & Company, the bankers, gave bonds to the value approximately of \$10,000 to a stranger yesterday in return for a check which was returned to them today stamped as a forgery. Officers of the bank said that the check was a little more than \$500, and bore as a certification the forged name of Charles E. Valentine, assistant treasurer of the Commonwealth Trust Company. Mr. Valentine is in New Hampshire on his vacation, and the fraud was realized as soon as the check turned up at the trust company's office this morning.

The transaction with the stranger was made by a bond salesman who was out of the office this morning, and a description of the purchaser was lacking. The cashier has no distinct remembrance of the man.

The stolen bonds consist of about \$5000 worth of Illinois Steel company debentures 4 1/2 per cent. due April 1st, 1940; numbers 2356, 11,154, 11,155, 11,156, 11,157, and about the same amount of American Telephone and Telegraph company's 4 per cent. bonds due July 1st, 1928; numbers 11,156, 17,496, 75,511, 75,512, 75,513.

FIRE IN CEMETERIES

Grass Fire in Catholic and Edison

A GRASS fire the cause of which is unknown broke out in St. Patrick's cemetery about 1 o'clock this afternoon and before it could be extinguished the lower part of the fence near Spencer street had been burned. A few minutes after this fire had been put out by the caretakers of the cemetery and some young men who were in the vicinity another fire broke out across the street in the Edison cemetery and gave the volunteer fire fighters no little trouble. The blaze threatened to spread at times the grass was so dry but no alarm was sent in.

His Foot Crushed

Roderick Cavanaugh, an employee of the Lowell Gas company, had his foot severely crushed just before noon today at the place of his employment when one of the cars on the sliding ran over his foot. The injured man was taken to the Lowell hospital in the ambulance, where it is thought that he will lose at least one of his toes.

LOVING CUP FOR JUDGE PRATT

Jurors Surprised Him at His Home Last Evening

The jurors who sat in the civil sessions of the superior court of Middlesex county had a reunion yesterday at Canobie and incidentally enjoyed the Rockingham fair as well. All of the jurors, nineteen in number, wended their separate ways to Canobie from the different portions of the county early yesterday morning. The only highlight that occurred during the fun being the absence of Judge Pratt, who could not attend on account of a civil case in Boston at which he had to be present.

At 12 o'clock sharp dinner was served for the party in the Canobie Lake hotel, where informal speeches and reminiscences of the session were enjoyed for over an hour. After the repast the jurors embarked for the fair grounds without delay and took in the day's racing card and other features which were presented yesterday at Rockingham.

Learning that Judge Pratt would be at home in the evening the party left for Lowell shortly after 6 o'clock and arrived at the house of Judge Pratt on Huntington street early in the evening. Although the judge knew of the outing he was greatly surprised when he beheld the men whom he had so often rebuffed, trooping up to his doorway and did not sense the meaning of the visit until Mr. Harry O. Muno of this city, president and treasurer of the affair, stepped forward and, after a short and appropriate speech, presented His Honor a beautiful silver loving cup and ebony stand. The gift from the men who had been so closely associated with him and had followed his decisions so closely touched Judge Pratt deeply.

Deputy Sheriff Courtney and Stiles of this city and Court Officer Burns were guests of the occasion. The men who composed the panel are as follows: William P. Merriam, Acton; Edson Baird, Acton; George L. Boynton, Groton; Ralph B. Daymon, Ashby; Fenimore Morton, Forge Village; Irving L. Hodgson, Bedford; Wm. R. Hughes, Bedford; Byron H. Brown, Hingham; Charles E. Glover, Tyngsboro; Eben R. Steiner, Wilmington; William L. Mault, Pepperell; Andrew Kemp, Pepperell; T. Wilson, Westford; Everett Williams, Groton; Patrick Hooley, Ayer; Benjamin Hutchins, Billerica; Warren Caldwell, North Tewksbury; Carol F. Schoolcraft, Carlisle; John J. McNulty, Chelmsford; Freeman S. Hersey, Lowell; Charles E. Dody, Wilmington; Almon Richardson, Lowell; Guy O. Muno, Lowell; and Harry O. Muno, Lowell.

Mr. Muno was president and treasurer of the outing and Mr. Guy Richardson secretary.

HON. NATHAN D. PRATT

MATRIMONIAL

Mr. Thomas Fee, a well known Central street tailor, and Miss Dorothy V. Conroy, of the firm of Wright & Conroy, were united in marriage yesterday in the immaculate Conception rectory chapel by Rev. Lawrence J. Tighe, O. M. I. A nuptial mass was celebrated. Miss Margaret Conroy, sister of the bride, acted as bridesmaid and Mr. Andrew Doyle was the best man. After the marriage the party journeyed to the home of the bride's parents, 124 Bartlett street, where a wedding breakfast was served. The ushers were Messrs. John and William F. Conroy, brothers of the bride. Mr. and Mrs. Fee left at noon on an extended wedding tour, after which they will reside at their new home, 222 High street.

AUTO BANDITS KILL CASHIER AND ROB BANK

HAMBURG, Ger., Aug. 21.—A robbery, which culminated in murder and favored much of the methods employed in recent months by Parisian and American automobile bandits, occurred this morning at the Wilhelm Savings bank at Wilhelmsburg, a suburb of Hamburg.

Two men drove up to the bank in a taxicab and one entering the building levelled revolvers at two young clerks, who scurried for shelter. The cashier of the institution, an aged man, in an attempt to save the money in his care until help could be summoned, fought with the two men but was shot dead. The bandits then appropriated all the cash in sight and escaped in the automobile.

Small Brush Fire

At 2 o'clock this afternoon a portion of the fire department was summoned to Eastlake avenue for a slight brush fire. An alarm was rung in from box 67 and the fire fighters were soon on the scene. There was no damage.

Mrs. Peter Daly and Miss Sarah McHugh entertained a few friends Friday evening in honor of Miss McHugh's cousin, Miss B. Thornton, of Youngstown, Ohio, who has been their guest for a week at 4 Merril street. There were several songs with accompaniments by Miss Agnes Daly. At the end of the evening's pleasure, a palatable lunch was served and all wished Miss Thornton a safe journey home.

DEMANDS THAW'S SURRENDER

Knights of Sherwood Convention

ACTING GOV. GLYNN
OF NEW YORK STATESUPREME CONCLAVE
IN SESSION HEREDID JOSEPH TAKE
THE BAG OF MONEY?That is the Question Judge En-
right Has to Deal With—Lar-
ceny Case in Police Court

HARRY K. THAW

Makes Formal Demand Upon the
Canadian Authorities for Sur-
render of Harry K. ThawSHERBROOKE, Que., Aug. 21.—After
an all-night conference, counsel for
Harry K. Thaw announced this morn-
ing that they would not produce the
Matteawan fugitive in the superior
court today on the writ of habeas cor-
pus obtained yesterday.They explained that the writ is re-
turnable at any time, and that al-
though 10 a. m. today, was tentatively
agreed upon yesterday, they had de-
cided to delay proceedings pending
further conferences. According to
present plans they will use the writ
tomorrow morning.This marking of time by the de-
fence was due mainly to the arrival
last night of Mr. and Mrs. George
Lauder Carnegie, brother-in-law and
sister of Thaw, who are anxious that
no legal step be taken until every
bulwark of the defence has been
strengthened. J. D. Greenfield, of
Montreal, an eleventh hour addition to
Thaw's counsel, pointed out that the
writ was returnable at the pleasure of
counsel for Thaw and that it would be
best to go over his case more thor-
oughly before coming into court.Immigration Officials Surprised
The move surprised the immigration
officials and Dist. Atty. Conger and
Sheriff Hornbeck of Dutchess county
New York. They had expected that
Thaw would be arraigned before noon
today, released on the present com-
mitment, then held as an undesirable
alien and quickly deported. As mat-
ters stood this forenoon, apparently
this program had simply been put off
a day. With Thaw once in the hands
of the immigration authorities, opin-
ion varied as to what course would be
followed.One theory had it that he would be
returned to Coastbrook where he was
arrested on Tuesday, and deported
from there if it was proven that he
was an undesirable alien, to the near-est border point in Vermont or New
Hampshire. Another theory was that
counsel for Thaw would try to show
that he had a through ticket to Den-
ver, and would demand that he be
taken there and released. A third con-
jecture was all the procedure would
be transferred to Montreal where the
case would be thrashed out before a
special board of inquiry.The Outcome in Doubt
Neither Thaw's lawyers nor the im-
migration officials nor officers from the
state of New York seemed to know
this morning just what the outcome
would be. Messrs. Conger and Horn-
beck hoped that some arrangements
could be made whereby Thaw would be
taken to the New York state line. On
this point the immigration officers
were noncommittal.Feverish and worried, Thaw dressed
before sunrise today and received Mr.
and Mrs. Carnegie as his first visi-
tors. Though apparently cheered by
their arrival, their presence seemed
to make him more reticent than ever
regarding his escape.Thaw's fellow prisoner, who describes
himself as Mitchell Thompson but has
been identified by Conger and Horn-
beck as Roger Thompson, driver of
the racing car which aided Thaw in
escaping, remained silent. Charged
with violating the Canadian immigra-
tion laws in assisting a lunatic across
the border, Thompson was unable to
furnish the \$500 bail required and must
stay in jail until Friday when he will
have a hearing.Thaw May Remain in Jail
Owing to the errors in the papers
committing Thaw to jail he can stay
there indefinitely, because no date for
the hearing of his case is mentioned
in them. While in jail Thaw is also be-
yond the power of the immigration de-
partment.By allowing Thaw to remain in cus-
tody the defense has offset the immi-
gration authorities, who had been con-
sidered as the power in the matter.

MATTHEW WHELTON,
Chairman of CommitteeJOHN MCGALL
Vice CommanderA. McDOUGALL,
AdjutantMayor O'Donnell Welcomed Delegates
to City at Odd Fellows Hall—Open-
ing Speeches of OfficersThe Knights of Sherwood Forest, a
social and fraternal organization with
25 conclaves in various parts of the
country, is holding its supreme con-
vention in this city at the present
time in Odd Fellows hall, Middlesex
street. The opening exercises were
held this morning at 10 o'clock, and
though all of the delegates had not
arrived there was a large number
present including the supreme officers
of the society. Following the formal
opening a private session was held at
which the business of the order was
transacted. This evening there will
be a banquet in Odd Fellows hall at
which the mayor, Supreme Commander
Henry Ziegler, of Syracuse, New York,
Senator Draper and many of the su-
preme and local officers will speak.
Tomorrow the convention will be in
session from 10 a. m. until 12 m. and
will open again at 2 p. m. to resume
uninterrupted business and proceed to
the nomination of officers. On Saturday,
August 23, the last day of the con-
vention the principal events will be
the election of officers in the forenoon andthe installation of officers in the after-
noon followed by a reception.

were instituted in 1859 with the forma-
tion of Empire conclave, No. 1, of New
York. At the present time there are
about 25 conclaves in existence with a
surplus of about \$5000 in the treasury.
About 135 delegates and supreme of-
ficers are to be in attendance at the
local convention although about thirty
more are expected. The organization
is also a fraternal body incorporated
under the new fraternal benefit laws.

Opening of Convention

The scene this morning at the open-
ing of the convention at Odd Fellows
hall was very brilliant. The sides of
the convention hall were draped in
the national colors and festoons of
various-colored bunting descended from
the centre to the sides and corners.
At intervals great bunches of palms
were suspended, their fresh green con-
trasting pleasingly with the gay
tint of the other decorations. The
delegates and officers were in full re-
galia and their neat blue uniforms
with the glittering gold decorations
and sword looked very striking as the
members grouped themselves around
the central platform. At the opening
of the exercises proper a delegation
consisting of A. McDougall and Mat-
thew Whelton was sent to escort His
Honor Mayor James E. O'Donnell to
the platform. The mayor welcomed
the delegates to Lowell in the follow-
ing words:

Mayor O'Donnell

Mr. Chairman and Sir Knights:
On behalf of the city of Lowell, a
community in which Forestry in all
its forms has thrived for many years,
I bid you welcome, and extend to you
the greetings and best wishes of a
hospitality people. We feel particu-
larly honored at having you come to our
midst, for I understand that this is the
first time that you convention has
been held in this state. I assure you
that no efforts will be spared to make
your visit enjoyable. You will find

Expert work.

RING'S Kodak Headquarters
110 Merrimack St.A red hot argument took place be-
tween Mayor O'Donnell and Commis-
sioner Barrett this morning at the
meeting of the municipal council, when
the mayor announced in the course of
a conference held with officials of the
Locks & Canals Co. relative to the lay-
ing of the 24-inch water main across
the Merrimack river, that the commis-
sioner of fire and water departments
was doing the said work without the
authorization from the council. Mr.
Barrett insisted that he was given the
right to do the work, when the council
voted that the city solicitor take legal
rights to seize the same at the com-
pany.The meeting was called to order at
11:10 o'clock by Mayor O'Donnell with
Commissioners Cummings and Denny
present. Mr. Brown was not present,
he being an attendant at the Rocking-
ham fair, while Mr. Barrett entered the
hall a short time after the meeting
was opened. The first matter brought
to the attention of the council was the
conference with the officials of the
Locks & Canals Co. relative to the lay-
ing of the water main on land owned
by the company, which claimed the city
was guilty of trespass. Those repre-
senting the Locks & Canals Co. were
Lawyer Frank E. Dunbar, Engineer
Hiram F. Mills and Engineer William
E. Badger. Finally after considerable
discussion it was voted that the city
solicitor draw up some sort of agree-
ment and present the same at the next
meeting of the council.Mayor O'Donnell in opening the
hearing said the Locks & Canals Co.
sent a letter to the council protesting
against the laying of the 24-inch water
main on their land from Ferry lane
across the Merrimack river, and he
read the said letter, which has al-
ready appeared in The Sun.Hiram F. Mills, chief engineer of
the company, and Engineer Frank E.
Dunbar and Engineer William E.
Badger were present.The mayor said the council at its
last meeting voted to hold a confer-
ence with the officials of the Locks &
Canals Co. by a vote of three to two.
He called upon Mr. Mills, who in turn
introduced Lawyer Dunbar.rights. He said, under the section
read, the company owns the bed of
the river and has the right to develop
its water power. He said a pipe like
that now being installed is interfer-
ing with the company's work."In 1876," said Mr. Dunbar, "pipes
were laid in the bed of the river to a
depth which would not interfere with
the works of the Locks & Canals Co."
At this point Commissioner Barrett
entered the room, and he took a part
in the conference.Mr. Dunbar said the dealings of the
city in 1875 were very important
compared with today's proposition.
"We own the bed of the river," said
he, "and then he referred to the acts
of the legislature when the Locks &
Canals Co. was granted the right to
the water power. He said if this had
not been granted, the company would
not be here today."Mr. Barrett: "Do I understand the
Locks & Canals Co. to own the bed
of the river? If so the city has no
right to build sewers in the bed of
the river, because that is private
property."Mr. Cummings: "Has your com-
pany the right to maintain a dam at
the Pawtucket falls?"

Mr. Dunbar: "We have."

Mr. Barrett: "The war department
status the company has no right to
maintain a dam there."Mr. Barrett: "Has your company a
right to take land for canal purposes?"

Mr. Dunbar: "It has."

Mr. Barrett: "Were you, Mr. Mills,
one of the consulting engineers at the
time of the construction of the Metro-
politan reservoir?"Mr. Mills: "I was but did not receive
any compensation."Mr. Cummings: "We have the same
right as you claim you have near
Aiken street bridge, at the Pawtucket
boulevard, for we own the land to the
river edge, and therefore, we own to
the middle stream."Mr. Cummings continuing said he
did not believe the company had any
rights between the dam and said he
could not see how the laying of a pipe
would injure the company any.Mr. Dunbar: "The water to be used
in the water power has to pass over
the obstruction in the river, and the
result will be that it will obstruct the
flow of the water. All we are seek-
ing is an amicable settlement. If you
will agree to laying the pipe at a later
date, that is the best solution possi-
ble."Mr. Barrett: "Supposing the river is
dredged and damage is caused to the

GOVERNOR OF JOLO KILLS 2 MOROS

After a Dramatic Struggle—Governor Whitney is an Iowa Man—He Received Bad Wounds

MANILA, Aug. 21.—Vernon L. Whitney of Iowa, governor of Jolo, had a narrow escape when attacked treacherously by Moros. He received five baron wounds, but will probably recover. He killed both of his assailants after a dramatic struggle.

Governor Whitney had just completed an inspection of the scout camp at Bual Looz, and had sent his interpreter to order his launch. The interpreter was attacked by Moros but escaped. Whitney heard of the attack and as he ran to investigate he met two Moros who approached in a friendly manner and then suddenly attacked him. Whitney clinched with one of the Moros while he shot the other and then after a struggle wrestled the baron from the other man and finished him with it. During the struggle, however, Whitney received bad wounds.

SLASHED WITH RAZOR

Boston Man Runs Amuck in Worcester

WORCESTER, Aug. 21.—Angered by a crowd of boys who were making fun of him, Nicholas Simon, a pedler of razors, ran amuck on Summer street about 10 o'clock last night, and began running along the street, slashing at the boys with a razor.

More than 1000 persons were attracted to the vicinity, and after the pedler had cut a man who attempted to stop him they chased him for six blocks, shouting threats of vengeance. Simon finally sought refuge in the Heavy House and was arrested by Police Inspector William A. Brady.

At the police station 14 razors were found in Simon's pockets, and the police say that another, the one with which he is alleged to have done the cutting, was thrown away while he was being pursued.

Frank McCarthy, aged 49, of 58 Summer street, who attempted to stop Simon in his stampede, was slashed on the forehead and on the right hand and arm. He was attended by Dr. Eugene Murphy, the police surgeon. Simon, who claims to reside in Boston, is held on a charge of assault.

SHEEP USED TO TRAP

Spotted Fever Ticks—Secretary of Agriculture Authorizes Novel Experiment

The first grazing of 2500 head of sheep upon the Bitterroot national forest, in the state of Montana, has been authorized by the secretary of agriculture as part of a novel experiment in trapping the deadly spotted fever tick. The forest service and the public health service are working together in cooperation with local sheep growers in this new campaign.

It is the general belief of the leading medical authorities that the mysterious and frequently fatal disease commonly known as spotted fever is spread by the tick Dermacentor andersoni which, in parts of the Bitterroot forest, occurs in such abundance that it constitutes a real menace to man and beast. Surgeon McClellan of the public health service died last year of spotted fever contracted during his

study of the disease and its control. The plan proposed contemplates the grazing of two bands of sheep upon the parts of the forest where the tick is most abundant, with the idea that large numbers of the ticks will attach themselves to the sheep. Then, as occasion requires, the sheep will be freed of the ticks by being dipped in an insecticide solution which will kill the ticks without in any way injuring the sheep.

The engorging of the female tick with blood is one of the essential functions of reproduction, and this gorging must of necessity take place upon the larger mammals which serve as hosts to the tick. The U. S. biological survey has reached the conclusion that the great bulk of the fever ticks which become filled with blood get their supply while attached to domestic stock, and that if the domestic animals are freed of ticks by dipping, by spraying, or by some other effective method of treatment, the chances of the infection of human beings will be vastly reduced. Of the different domestic animals the sheep is the most readily handled and the easiest to dip or treat, hence the selection of sheep for use in the experiment.

FISHERMEN'S HAMLET

Threatened With Destruction by Fire—Little Chatham Had a Narrow Escape

NANTUCKET, Aug. 21.—"Little Chatham," a fishermen's hamlet on the Chatham section of Nantucket Island, was threatened with destruction last night by a fire which has swept over many acres of brush and grass land. The flames, fanned by a high easterly wind, were beyond control at dark.

Most of the quahaug fishermen who occupy the houses in the village were away for the night, visiting the county fair. Late last night it was believed that all the buildings would be saved by the starting of backfires. The fishermen said that the flames probably would reach the water's edge by dawn, destroying a growth of cedars covering three square miles.

If you are a doctor, doesn't it pain you to see your patients, after walking up two or three flights, come into your office completely exhausted? Wouldn't it be better to provide an office in a building where your patients would be carried right up to your office floor in an easy running and absolutely safe elevator? The new Sun building provides such a service. Think it over, doctor!

ROUGH HOUSE SAILORS

Who Raised Ructions in Seattle to be Punished

WASHINGTON, Aug. 21.—Secretary Daniels has directed the punishment of the sailors of the Pacific reserve fleet who participated in the destruction of the Industrial Workers of the World's and Socialists' property in Seattle, July 17-18, if they can be identified, though he severely condemned the civilians who abused the sailors and the American flag.

The secretary's action yesterday was based upon a report by a board of investigation headed by Commander Thomas Washington. The board found that for some time before the rioting in Seattle, the government and particularly upon the army and navy in the Pacific seaport cities by people calling themselves members of the Industrial Workers of the World and to some extent by so-called socialists, allowed speakers to harangue crowds and engender ill-feelings, resulting in the attack upon the soldiers and two sailors July 17. This led to the burning and destruction of property on the following night.

The board placed direct responsibility for the action of the crowd, led by civilians and including only a small proportion of enlisted men, upon the failure of the police force to prevent the destruction of property because of their sympathy with the purposes of the crowd. Furthermore, the board censured the police for the rioting attributable to general sentiment against the Industrial Workers of the World and the criticism of the press and that the presence of enlisted men was made to serve the purpose of accomplishing an end which the better element of people desired and the press encouraged.

In passing upon this report, which was transmitted by Rear Admiral Reynolds, Secretary Daniels declared that while the conduct of those who denounced and assaulted soldiers was most reprehensible and deserving condemnation, "their violent language, unprovoked assault on soldiers, and lawlessness does not justify retaliation in kind."

The secretary recalled his statement in a speech in Seattle that obedience to authorities and respect for the flag must precede the reforms. He expressed regret that the sailors had permitted themselves to forget their duty to uphold the law which they had sworn to uphold, and added that their conduct in Seattle was against the naval regulations and could not be condoned or allowed to go without punishment.

Admiral Reynolds was directed to have the secretary's letter read on the ships of the fleet and to have the men engaged in the affair punished in such manner as the admiral may judge is adequate for the offense.

LEATHER MERCHANT

In Auto Smash—Edwin M. Morse Thrown and Injured—Caught in Railway Tracks

BOSTON, Aug. 21.—Edwin M. Morse, a Boston leather merchant, who is summing at Rose Cliff, North Weymouth, received injuries yesterday afternoon when he was thrown from his automobile on the Bridge street slope North Weymouth. He was guiding his car past two motor vehicles when a front wheel of his car caught in the guard rail of the electric car tracks and the automobile buckled up.

The automobile stopped so suddenly that he was precipitated over the steering wheel to the roadway. Friends upon the injured man were in another automobile directly behind his car and they carried him to Dr. Bushnell's office at Quincy Point.

Later in the evening he was taken to his home at 43 Gould street, Malden, where it was said last night that he is resting comfortably.

Soda crackers are more nutritive than any other flour food. Uneeda Biscuit are the perfect soda crackers.

Though the cost is but five cents, Uneeda Biscuit are too good, too nourishing, too crisp, to be bought merely as an economy.

Buy them because of their freshness—because of their crispness—because of their goodness—because of their nourishment.

Always 5 cents. Always fresh, crisp and clean.

NATIONAL BISCUIT COMPANY

RESIGNS FROM MASS. PUBLIC SERVICE COMMISSION

BOSTON, Aug. 21.—George P. Lawrence of North Adams, who was recently appointed a member of the Massachusetts public service commission by Governor Foss, today tendered his resignation. His reasons for not accepting the office were said to be purely personal.

In his letter to Governor Foss Mr. Lawrence asked that his resignation be accepted to take effect on Sept. 1. "I find that it will be impossible to give to the duties of the position the time which they require," he wrote.

Governor Foss replied, accepting Mr. Lawrence's retirement and expressing his regret that circumstances compelled him to withdraw from this public service.

Mr. Lawrence is a former congressman and a staunch republican. He was appointed a member of his new public service commission by Governor Foss on July 2.

ELEPHANT DIED AT SEA

After Indulging in Wild Outbreak

WHILE SHIP WAS STRUGGLING IN HURRICANE

About 200 Miles From Spot Where Titanic Went Down—Stirring Scenes On Board German Steamer

BOSTON, Aug. 21.—The German steamer Ockenfels arrived yesterday fully 24 hours ahead of schedule with a consignment of animals, complete with the exception of an elephant lost in a wild outbreak at sea in a hurricane a week ago. The vessel brought to Boston its first cargo intended entirely for this port, consisting of 13,360 miles of burlap gunny sackings in 13,335 bales, of nearly a mile of the cloth in each. There were four turkeys on board, who came along to look after the shipment of animals.

Hit By Hurricane

When the steamer was 200 miles south of the spot where the Titanic went down a year ago, a southwest hurricane struck her, driving the water in huge billows over the decks where the animals were quartered in the open. Two camels were tied to the mainmast derrick pole and two jackasses tethered beside the horse crates on the port side, when the storm burst upon the vessel.

The elephant, one of the largest ever shipped to this country, was chained on the starboard side. In an instant ledism broke loose aboard ship. The elephant, unused to the sea and terrified at the fury of the storm, trumpeted and reared, snapping its chains with one lunge of its huge body. Free, it rushed about the deck, frightening the other animals in its rampage. The excited horses broke out of their box crates and pranced about in terror, alarming the camels and donkeys.

Second Officer Richard Welter called all hands out for duty. He stood on the after deck and directed 15 lascars to drive the elephant into the starboard bunker hatchway, and with the assistance of clubs and ropes, the big animal was finally penned into the corner selected for him. One of the lascars was tossed 20 feet into the air in the mix up, luckily landing on deck. All the time the hurricane was raging, and it took an hour and a half for the full crew and all the under officers to corral the frightened animals. When the work was finished, all hands went below, where they dropped exhausted.

Exposure Kills Elephant

George Manser, the leader of the turkeys, who had the beasts in charge, remained on deck within handy reach of the hatchway, through which he could call out the men if another outbreak should be precipitated.

The day after the storm, the elephant died from the exposure. From Port Said out the unusual ocean experience was too much for him, and he was not well any of the time across. He would not eat, and when it was a bit worse he became deathly sick. His moribund carcass was hoisted overboard by the after derrick, and without ceremony he was lowered into the sea, and the tackle cast off.

The shipment of animals is consigned to Chicago, care of Thomas Cook & Sons, but it is understood to be destined for the private collection of George F. Getz of that city.

SALUTES FIRED

AT THE GRAVE OF SOLDIER

Obsequies of Adelard

Delisle, U. S. A., Held This Morning

Young Soldier Died at Fort Bayard, New Mexico

With all honors due a United States soldier, the remains of the late Adelard Delisle, U. S. A., were tenderly laid at rest in the Catholic cemetery this morning. The funeral took place from the home of his father, Antoine Delisle, 22 Second street and was largely attended. The funeral cortege was headed by a squad from the local M. V. M. companies. At 8 o'clock high mass of requiem was celebrated at St. Louis church, Rev. L. C. Bedard officiating. The hearers were Cyrien, Rosario, Joseph and Albert Delisle, Melvil Germain and Joseph Primeau. There was a wealth of beautiful floral offerings, showing the esteem in which the body was held. Burial took place in St. Joseph's cemetery, where the military squad sounded taps and fired a volley. The funeral arrangements were in charge of Undertaker Amadee Archambault. The squad consisted of Lieut. Preston, Co. M, Corp. Hurley, Privates Glynn, McGarr, Cashman, Eagan and Durant, Co. C, and Musciclan Callahan, Co. M, Corp. Hurley had charge.

Adelard Delisle enlisted in the United States army a little over two years ago, and during his time of service he has been stationed in various parts in the states. The young man who was a member of the 14th artillery, Capt. Bushnell, was taken ill several months ago and passed away at Fort Bayard, New Mexico, on Aug. 7. The body was sent to Lowell and arrived in this city Tuesday afternoon. He ceased to be well known in Lowell and held in high esteem by his many friends and acquaintances.

Capt. George W. Peterson of Co. C had charge of the military arrangements.

Suffered Eczema 50 Years—Now Well. Seems a long time to endure the awful burning, itching, smarting, skin-disease known as "eczema"—another name for Eczema. Seems good to realize, also, that Dr. Hobson's Eczema Ointment has proven a perfect cure. Mrs. D. L. Kenney writes: "I cannot sufficiently express my thanks to you for your Dr. Hobson's Eczema Ointment. It has cured my sufferer, which has troubled him for over 50 years."

SOCIALIST WHO DIED LAST WEEK

Left Letter Stating That German Army Has Gone to Pieces and That Emperor Knows it

LONDON, Aug. 21.—Replying to a question whether Germany's recent army increases meant an attack on France, August Bedel, the late German socialist leader, just before his death at Zurich on August 16, last, wrote the following letter which is published today in the Pall Mall-Gazette:

"The German emperor has seen during the Balkan war that our army has completely gone to pieces—that is, our officers are incapable of commanding and the material is absolutely impossible. If the French had wished to attack us they would probably have been successful, for we were not strong enough at the frontier. If the French had guessed that they were strong enough they would have begun an attack."

"The German emperor saw that French arms had much greater importance in the Balkan war than had German ones. He also knew that the military element from Germany that had helped the Turks was to blame for the misfortunes of the Turks. It is an open secret that Germany was to blame for this defeat."

These facts, Herr Bedel assured his correspondent, had been obtained from authoritative sources.

CITY HALL ITEMS

Permit for New Theatre Issued Today

The Realty Associates were granted a permit for general renovation to the one-apartment house at 115 NeSmith street, the same to be converted into a four-apartment house at a cost of \$2000.

George Huxson was given a permit for the construction of a theatre at 22-48 Merrimack street with lobby, the approximate cost to be \$40,000. Charles A. Strout received a permit for the erection of an eight-room cottage with pantry and bath at 116 Highland avenue, the approximate cost to be \$2500.

Police Station Cells

Dr. E. A. Simpson, state health inspector, and Commissioner Lawrence Cummings of the public building department paid a visit to the police station yesterday in order to inspect the condition of some of the cells, for complaints had been received as to the condition of the plumbing system.

The two visitors found that the plumbing requires a change, and the flooring of some of the cells is in a dilapidated condition. Mr. Cummings stated this morning that a new plumbing system will be installed and the floors will be put in a condition so they can be kept clean. He said this work will be done from a transfer of appropriation.

Payroll

The payroll for last week at city hall was \$20,657.35.

To the Fair

Commissioner George H. Brown and party motored to the Rockingham fair today.

Moth Assessment

The clerical force in the park department's office is preparing the moth assessments, and the same will be ready Saturday.

Contract Awarded. The contract for 2000 feet fire hose for the fire department was awarded by Purchasing Agent Foye to the C. C. Co., who was the lowest bidder, the bid being 37 cents a foot for its No. 1 grade.

Man Badly Hurt. A Lawrence man named Leonard Aldcroft was badly injured while riding on the running board of a Peabody car returning from the Rockingham fair last evening. His head struck a pole. He was knocked off and he was found unconscious near the track.

Estes Park, Colorado. The Garden of Allah. A place where wild flowers carpet the ground, where the sweet, crisp, sparkling air makes the cheeks glow and the eyes glisten, where trout abound and great glaciers lie hidden among the towering mountains, near the highest overhanging precipices in the world.

In Estes park you can climb, play golf or tennis, ride, drive or motor, fish and camp out. You can live at a high class hotel or at one of many comfortable smaller houses, and at moderate cost.

It is the ideal place for children; it is the ideal place to rest and regain perfect health. Let me send you a fine folder about Estes Park, with pictures and a good map, and all about the hotels, comfortable ranch boarding houses, and the charges. Let me tell you about how to go, and about the low fare excursion tickets now on sale. I am glad to lend a helping hand. Let me attend to all the details. Call, or write for an Estes Park pamphlet—today before you forget.

Alex. Stock, New England Pass. Agt., C. & O. R. R., 261 Washington st., Boston, Tel.

Post Toasties

Are mighty handy to have in the house as well as mighty good to eat direct from the package with cream.

Besides being the most delicious ready cooked cereal food made of corn these crisp, crinkly flakes serve many another useful purpose in home cooking.

Rolled into crumbs and used as an outer dressing for breaded veal, lamb, chicken, pork or ham; they give a zest to the "fry" that makes the home folks ask for more.

Softened with milk and used with usual spicing and fixing as an inside dressing for baked fish or fowl they impart a delicate flavor to the finished dish, reminding of the chestnut fillings that cast a halo around the days of old-time cooking.

Post Toasties are sold by Grocers everywhere—and everywhere folks who relish good things to eat, appreciate the delicate Indian Corn flavor that makes

ALLEGED CONSPIRATOR WHO HELPED THAW ESCAPE AND THE GATEKEEPER

Ex-Assemblyman
RICHARD J. BUTLER

NEW YORK, Aug. 21.—When a warrant was issued for the arrest of Ex-Assemblyman Richard J. Butler as being the head of the band of five who rescued Harry K. Thaw from the Matteawan (N. Y.) insane asylum, it

THAW CASE

Continued

idently waiting for Thaw's release from jail, when they would have pounced upon him, and it is firmly believed, ordered his deportation at once.

Will Resist Removal

Thaw is, of course, resisting removal to the New York state line because that would entail his immediate re-incarceration in Matteawan.

Little importance is attached by the immigration department to the fact that Thaw has a through ticket to Detroit, which it has been contended by the defense would enable him to proceed out of Canada. The fact that Thaw is a lunatic in the eyes of the country from which he came makes his entrance into the Dominion illegal and gives the immigration authorities authority, once they get hold of him, to detain him or immediately ship him back from whence he came.

W. L. Shurtleff, K. C., one of Thaw's

lawyers, left for Ottawa last night to confer with the department of the Interior. His purpose is believed to be to endeavor to secure a promise from the department that Thaw may select his own destination. If this should result successfully it was said here this morning by one of Thaw's counsel that he might go to South America.

This was another beautiful day in Sherbrooke, crisp, cloudless and invigorating. Notwithstanding the ideal weather there was no early gathering of the curious about the courthouse or the jail.

His Montreal Lawyer

The summoning of Mr. Greenshields from Montreal to take precedence over all Thaw's lawyers has served to confirm the impression that the fugitive's relatives, so far as possible, are taking the conduct of the case out of his hands. Mr. Greenshields is described here as one of the ablest lawyers in the Dominion, who rarely takes a criminal case. He is being assisted by Mr. Shurtleff of Coaticook and Charles F. White and Colonel Harry Fraser, both of Sherbrooke. It is said that Thaw knew nothing of the retention of Mr.

Greenshields until the attorney arrived here.

The flaw in the commitment on which Thaw was lodged in jail consists not only of omission of a date for a hearing of his case, but also of his status in the Matteawan hospital.

Wm. White, who was Thaw's chief lawyer until Mr. Greenshields came, said today: "We delayed taking advantage of the writ of habeas corpus to get better acquainted with the case. It may be that we will wait a week. There is a corporate guard of lawyers on the case and we have to move slowly in order not to step on each other's feet."

Many Women in Court

As 10 o'clock came round a small crowd, most of them well dressed women, began to gather in the superior court. They had not heard that the proceedings were off for the day, and were apparently in for a long, disappointing wait. Groups of girls gathered on the street corners in the vicinity of the jail and others sat on the courthouse lawn.

One of Thaw's chief worries just now seems to be how much of the synopsis of ex-District Attorney Jerome's speech to the jury in 1908, which he (Thaw) handed out to the press with a request that it be published, was used by the American and Canadian papers. The synopsis emphasized Mr. Jerome's opinion that Thaw was not insane. The prisoner has telegraphed to a number of papers the request that he be supplied with a copy of what was dispatched to them on this speech. All day yesterday telegrams marked collected were received from these papers for Thaw. His curiosity cost him nearly a hundred dollars.

District Attorney Conger and Sheriff Hornbeck, after a secret conference with the immigration officials, visited Superior Judge Globensky this morning and talked with him in chambers. It was reported that this forecasted a move to force Thaw into court at once.

Thaw Not in Court

The judge informed them, however, that in view of the form of the commitment he could not compel Thaw's counsel to produce their client.

News that Thaw would not be in court spread so slowly that hundreds entered the court house ignorant of the real situation. There was standing room only at 10.30, and the corridors outside were filled. Compared with the evident apathy of the townspeople yesterday, the interest in the case today was marked. Leaving the judge's chamber Conger and Hornbeck went into the court room. "We are just waiting," they said, but the belief became current that they had not abandoned all hope of getting Thaw into court earlier than his lawyers planned.

Had Through Transportation

Thaw's contention that he had through transportation to Detroit was verified by long distance telephone this afternoon with the railway agent at Coaticook. It was there that Thaw purchased his ticket.

The Glynna Telegram

Acting Governor Glynna sent the following telegram this afternoon to the secretary of state and the secretary of commerce and labor at Washington:

"In the name of the state of New York we request that you ask Canadian immigration authorities to deport Harry K. Thaw to the state of New York."

(Signed) "Martin H. Glynna, Acting Governor.
"Thomas Carmody, Attorney General."

Demands Thaw's Surrender

OTTAWA, Ont., Aug. 21.—Formal demand for the surrender of Harry K. Thaw was made by telegram upon the Canadian immigration authorities here today by Acting Governor Glynna of New York.

The department replied that it would take no action till the present extradition proceedings had been concluded.

The department let it be known that it would seize Thaw and attempt to deport him should his extradition to the United States be refused by the Dominion courts.

Mr. Glynna's telegram requested that Thaw be turned over to District Attorney Conger who is now in Sher-

brooke representing the state of New York.

The immigration department was prepared for legal resistance by Thaw against its plan to deport him. In this the department believed he would be unsuccessful.

It is the present intention of the department to return Thaw to the United States at the point on the boundary line nearest Sherbrooke. This is in New Hampshire.

Acting Governor Glynna was advised over the telephone by the immigration authorities at Ottawa this afternoon that they would use every effort in their power to assist in having Harry K. Thaw returned to New York state.

Entered From Vermont

CAVENDISH, Vt., Aug. 21.—It appears today that Harry K. Thaw entered Canada from Vermont and not directly from New Hampshire, as had been supposed. The village of Beecher Falls where he left the train is on the Vermont side of the boundary line between the states. It is in the town of Canaan, Vt.

This is believed by state officials to be the basis for the report from Sherbrooke, Que., last night, that Thaw was likely to be turned over to the Vermont authorities. Beecher Falls is in the extreme northeast of the state and very close to the Canadian line. From this village Thaw drove by team, and he did not again enter New Hampshire, though he might have done so by taking a roundabout route. It is expected that this point will be definitely determined and the Canadian authorities informed accordingly.

Governor Allen M. Fletcher, at his home here today said that he did not wish to make an official statement as to the attitude of Vermont should Thaw be returned to this state as an undesirable emigrant to Canada. The governor, however, had before him a statement by Attorney General Rufus E. Brown which the executive said best expressed his own view.

Would Surrender Thaw

The attorney general declared that he considered Thaw an undesirable and dangerous person, and that if he had the authority to do so he would surrender the fugitive to the police of New York state.

"Concerning the attitude of the state in the matter of Thaw's extradition, it is the policy of the state to have personally had I any authority, and in case I should be called upon to exercise it, I would surrender Thaw to the state of New York. I consider him not only an undesirable but a dangerous person," said Mr. Brown. "However, should Thaw be in Vermont and the state of New York seek to have him surrendered simply on the ground that he has escaped from an insane asylum it probably would be an altogether different matter."

The attorney general added that he could hardly see how by any legal means Thaw could get into Vermont, though he might have entered Canada through the point of entry at Beecher Falls. He thought it probable that Canada would if possible cooperate with the authorities of New York and return the prisoner direct to that state.

"I feel," said the attorney general, "as they do in New Hampshire, in that Vermont does not want Thaw within its limits."

Rounding Up Witnesses

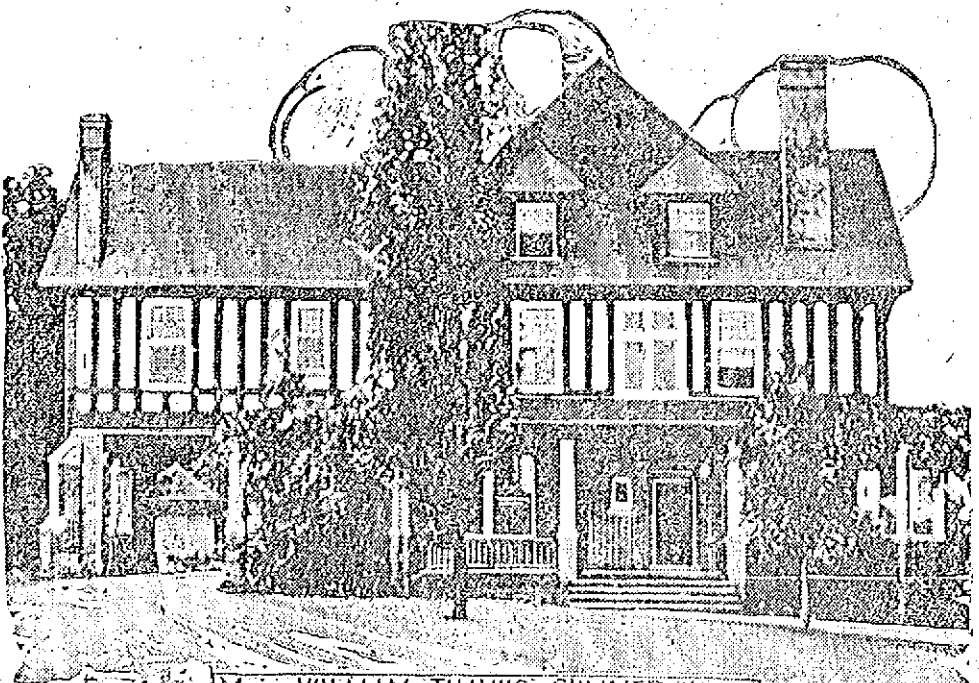

COLEBROOK, N. H., Aug. 21.—Canadian immigration officials were here today rounding up witnesses for the proceedings which will be instituted at Sherbrooke, Que., against Harry K. Thaw as an undesirable alien.

Deputy Sheriff D. H. Kelsea, who brought about the fugitive's arrest, was asked to be in Sherbrooke at 10 o'clock tomorrow morning. Kelsea left for Canada this afternoon and expects to tell of the route taken by Thaw after he left Beecher Falls, Vt. Kelsea said today that Thaw entered Canada from Vermont, Beecher Falls is less than a half-mile from the line, but Thaw took a roundabout route with the idea of reaching Sherbrooke and so covered about four miles before reaching Canada, but did not at any time re-enter New Hampshire.

Others requested to appear at the hearing at Sherbrooke include the livery stable owner who drove Thaw and his companions from the railroad station at Beecher Falls to a point just north of the Canadian line.

There is interest in this testimony, as it is thought that the New Hampshire authorities might refuse to permit the deportation of Thaw to this state when it is legally established that he entered Canada from Vermont.

ELMHURST, SUMMER HOME OF THAW'S MOTHER, WHERE SHE GRIEVES OVER HER SON'S ARREST.

MRS. WILLIAM THAW'S SUMMER HOME
ELMHURST, CRESSON, PA.

CRESSON, Pa., Aug. 21.—Mrs. William Thaw, mother of Harry K. Thaw, received word of her son's capture in Canada shortly after she had arrived at Elmhurst, her summer home here. The message was a sad blow to the

aged but devoted mother, for she had been led to believe by the short message which she had received from Harry after his escape from the Matteawan (N. Y.) asylum that he would join her at Elmhurst as soon as he had taken a rest. It is the general opinion here that Thaw never intended to come to Elmhurst, but wrote that to his mother as a blind, his real intentions being to sail from Canada for England.

HOLY ROSARY GIRLS WILLIAM CORCORAN DEAD

Over 300 Went to Revere Beach
Well Known Veteran Passed Away

The Holy Rosary society, about 300 strong, journeyed to Revere beach today in three special cars for their annual outing. Shortly after 8 o'clock the cars left the corner of Moore and Gorham streets and arrived at the beach in time for the 300 girls to enjoy a dip before dinner.

After a hour or more in the water they all grouped together and went to one of the popular hotels along the beach where a genuine clam bake dinner was served them. The dinner satisfied the appetites of all and then they divided into parties and visited the amusement places along the beach. None of the places along the busy boulevard was omitted by the picnicers and the afternoon was just full of fun.

It is planned to leave the beach early this morning and according to the committee in charge the ride home will be fully as enjoyable as the trip to and around the beach. The party was accompanied by Fr. Bernard Fletcher of the Sacred Heart church and Mrs. Thomas Farrell.

A slight fire in the Harrington building on Central street was promptly extinguished today.

Mr. William Corcoran, a well known resident of this city, died today at St. John's hospital after a brief illness. Deceased was born in Glanville parish, County Cork, Ireland, in the year 1831, and came to this city just 32 years after, having resided here for the past 50 years. He was a veteran of the civil war and was known to a great many local people as Colonel Corcoran. He leaves one son, John of New Jersey. The body was removed to the chapel of Undertaker John Rogers.

Nothing Like It
If you are a lawyer, physician or dentist who "hide your light under a bushel," so to speak, in a dark, gloomy antiquated office while the New Sun building affords such splendid accommodations at about the same cost.

DEATHS

CHOZAIKI.—Jean Chozaiki, aged 17 years, 4 months, took place yesterday morning at the home of his parents, Joseph and Anna Chozaiki, 258 Middlesex street.

MACKIN.—Mrs. Cecillia Mackin, aged 22 years, died yesterday at St. John's hospital. The body was removed to the home, 72 Davidson street.

MATRIMONIAL

A pretty marriage was solemnized at 4 o'clock yesterday morning when Mr. Raphael Palarly, a popular second hand at the Saco-Loew shop, and Miss Angelina Blodreau, a well known musician, were united in the bonds of matrimony, the ceremony being performed at Notre Dame de Lourdes' rectory by Rev. J. B. A. Barrette, O. M. I. The young couple were attended by Messrs. J. B. Blodreau, father of the bride, and Andrew E. Palarly, brother of the bridegroom. At the close of the ceremony the bridal party repaired to the home of the bride's parents, 54 Grand street, where a dainty dinner was served, followed by a brief reception. The happy couple who were the recipients of many costly gifts will leave on the 5.10 o'clock train this evening for a wedding tour to Canada, where for two weeks they will visit friends and relatives at Sherbrooke, Major, Lewis, St. Hyacinthe and other places. Upon their return to this city they will make their home at 55 Grand street.

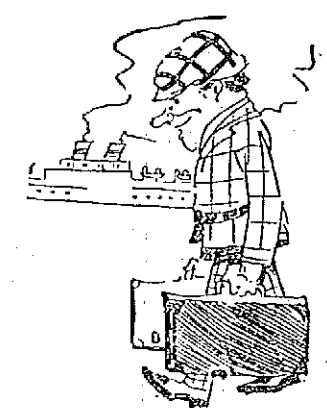

FUNERALS

GUILMETTE.—The funeral of Mrs. Alexandra Guilmette took place yesterday from her home, 322 Lakeview avenue. High mass of requiem was celebrated at St. Louis' church at 8 o'clock. Rev. L. C. Bedard officiating. The buriers were Ovide Versailles, Thomas Nadeau, Joseph Daigle and Fred Guilmette. Burial was in St. Joseph's cemetery in charge of Undertaker Amedee Archambault.

A LITTLE NONSENSE

WHY WE DON'T GO HOME
A little car,
And there you are
A little way to roam.
Stuck in the mud
Up to the hub,
That's why we don't go home.

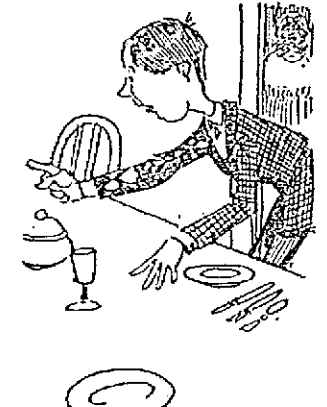

SATISFACTORY.
"This is a jolly old world," said Short,
As abroad he started to go.
"I've actually borrowed money enough
To pay every cent that I owe."

MUSICAL COMEDY.
Lyrics, Laughter and Limbs,
Women and Wit in Whirls;
Melody, Mirth and Maids,
Giggles and Gowns and Girls.

SIMPLE ENOUGH.
"No children taken," said his ad.
"Was thus a lie was shown,
He'd have none—he already had
A dozen of his own."

HIS FRANK LUDSHIRE.
"And did you wed her for her charms?"
The question sounded funny;
He said, and wiped his coat of arms,
"I had to have the money."

REP. HARWICK JOINS
In Fight on Wilson's
Currency Bill

REP. HARWICK JOINS

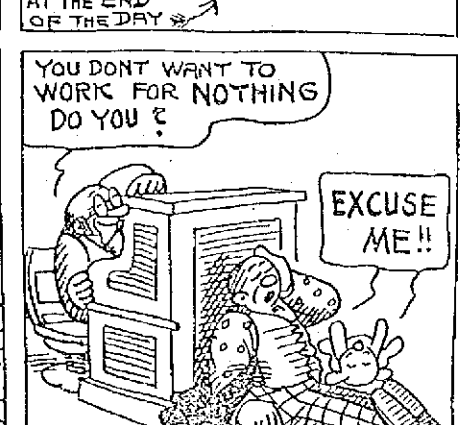

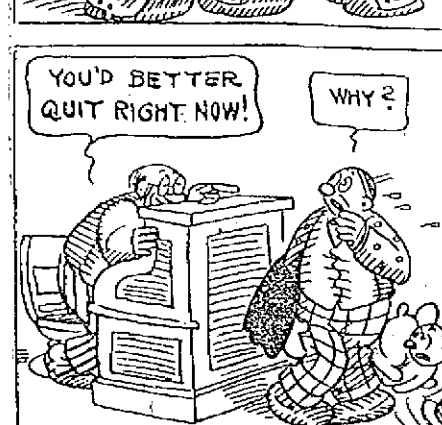

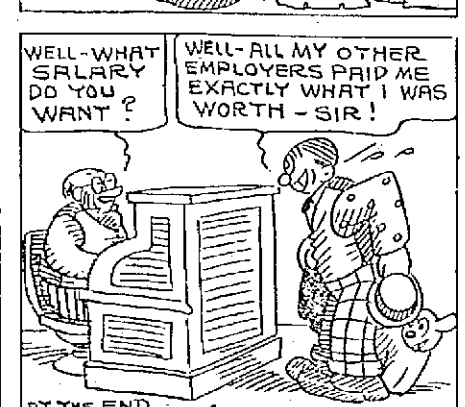

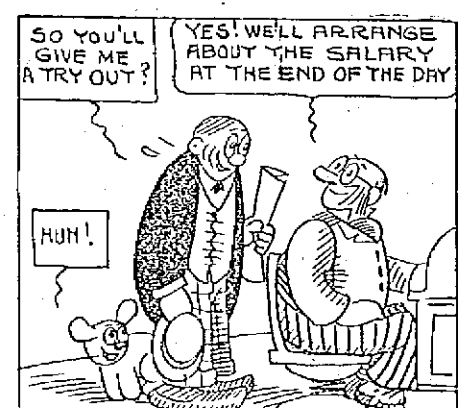

In Fight on Wilson's
Currency Bill

WASHINGTON, Aug. 21.—Among the democrats in the house who rebelled against the administration's currency reform bill was Representative Thomas W. Hardwick of Georgia.

His decision was of moment because he had always been listed as one of the conservative democrats. His alignment with the radicals against the bill added to the growing revolt against the measure in its present shape.

PORTLAND WINS THIRD GAME

Lowell Lost Last Portland Game of Season — Moran a Puzzle and Errors Help

Lowell lost the third game of the last Portland series of the season yesterday, when Duffy's ball tossers landed upon both Maybom and Henderson, who relieved him in the fourth. Lowell also fielded poorly and could not find Moran, the twirler recently purchased from Providence by the Portland club. The final score was 10 to 1. Portland was luckier than Lowell in that her errors did not result as disastrously as the local team's. Portland started the scoring in the second and went right along without giving Lowell an opportunity to recover its lost territory. In the fourth Duffy's men put over three more scores and in the fifth and eighth five more tallies came across. Lowell scored her four runs in the eighth inning on a pass, three hits and two wild throws. The score at this point was 7 to 4, but Portland quickly put an end to all Lowell hopes by hitting in three runs in their half of the eighth.

Halstead started for Lowell both in the field and with the bat. Several of his twelve put outs were difficult chances, but the Lowell first sacker took everything in sight. Halstead got two of Lowell's six hits, one of which was a double. The score:

WATER BASEBALL NEWEST THING IN AQUATIC
SPORTS; FIRST GAME IS HIGHLY EXCITING

NEW YORK, Aug. 21.—Water baseball is the latest aquatic sport to be perfected. Of course everybody has seen bathers throw a rubber ball to one another, but a regular game of baseball played in the water is something brand new. The first regulation game was played here by a number of expert swimmers, including Commo-

dore Al Brown, the great professional long distance swimmer, and M. Davis Murphy, a French swimmer of skill. The home plate was a floating bag in water up to the batter's waist. The pitcher stood in water up to his chest. Second base and short stop were indicated by floating bags in water over the player's head, as were the three

outfield positions, where the water was deeper still. All these bags were provided with rings for the use of the players. If the batter makes a hit he makes a scramble for first base. Then he has to swim to second on a steal or a hit. He is tagged out by the player just as in a land game. The new sport is highly exciting.

DIAMOND DAZZLES

Levesque, the young infielder, recently led out by the Whalers, has signed with Lawrence. He played short in part of the second game yesterday and did not have a fielding chance.

Manager Johnny McGraw is bound to brace the Giants. He realizes that Ed Konetchy is not satisfied with St. Louis and that Morrie is not playing up to form, so he goes after the big Windy City first sacker.

Hugh Duffy must think a whole lot of Meehan, his young catcher, as he has been working him in nearly every game recently. His batting has been excellent.

Manager Louis Peliper has been having trouble recently. He has shifted his men all over with little results, and now he signs up a couple of new men.

Jack Flaherty, a member of last season's Worcester team, who was released early this spring, has been let out by Brockton, and immediately signed to play third for Lawrence.

Flaherty is from Scranton. He was recommended to Worcester by Steve O'Neil, the little catcher of the Naps, who two years ago was the sensation of the New England league. Shorter, who is still playing with Worcester, came with Flaherty at O'Neil's suggestion.

Two recent additions to the pitching staff of the Lynn New England league club will no longer be seen at Ocean park because Manager Flaherty has sent Conley back to the Calais club of the Maine-New Brunswick league from Beverly. The Lynn club has purchased for \$500 Shortstop M. Pherson of the Calais club and he will report at once.

John Lavan, who has played at short for the local American league club, was sold to the Philadelphia Athletics Monday for the waiver price, \$25,000. Lavan joined the local team in July and came from the University of Michigan. Lavan's holding over age in 15 games was 255 and his batting .115.

The Brooklyn National league club released Cliff Curtis, pitcher, to New York of the International league last Saturday. It was announced that Pitcher Pfeffer, purchased from Grand Rapids would join the club today.

Pfeffer, Elmer Brown, bought from Saginaw, Sept. 7, and Shortstop Mow, from Troy, Sept. 1, were also released. The Newark southpaw, it was here on Aug. 21, and Shortstop Taylor Oshkosh, early next month.

Outfielder Collins, who was released from Newark, reported to Manager Dahlen yesterday.

A side angle of the Cobb offer by Griffith is the view Walter Johnson may take of it. So far the pitcher smiles, but says nothing. While being interviewed on the subject, Griffith said that Johnson was worth twice as much as Cobb, or \$200,000. Johnson gets \$100,000 a year this season. At Griffith's own rating, Johnson is entitled to \$25,000 a year. Suppose Johnson decided to ask for this amount instead of the modest \$10,000 which he is expected to demand, will Griffith be able to refuse it? Can he call it too high after all this fuss about Ty Cobb's value? If Johnson does succeed in getting \$12,000 or \$15,000 next year, he

may thank Griffith for having such an exalted view of a player's value.

The national board of arbitration governing minor league baseball, allowed the claim of the New Haven club against C. Flick, Secretary John H. Farrell of the National association announced today that national association clubs may have title to a limited number of players at any time, exclusive of managers and ineligible players, as follows: Class A, 25; Class B, 25; class C, 24; class D, 22. No club shall carry more than five suspended players on its reserve list.

AMATEUR BASEBALL

The Bleachers A. A. and the North Andover A. A. the latter one of the fastest semi-professional teams in the state will meet at the South common on Saturday afternoon. The Bleachers boys claim the championship of the city and are willing to line up against all challengers for the title.

The manager of the Hustler second team would like to meet Manager Mahoney of the Glenmore second team at Davis square tonight about 7:30 o'clock. Manager Duff of the Hustlers would like to arrange games with any other amateur team and gives his address at 25 Kinman street.

The "Reds" would like to play the team calling themselves the Royal R. boys on next Saturday for two quarter balls. The manager of the "Reds" who presents the following lineup would be pleased to meet the manager of the Royal R. team at Carr's pool room some evening during the week: C. Joseph, p. Healy; lb, Espinola; 2b, Leal; ss, Wilcox; 3b, Lima; lf, Cunha; cf, Corrier; rf, Medina.

The Hustlers have an open date for next Saturday and would like to play any strong amateur team in the city. Send all challenges through this paper.

The bundle clerks from the A. G. Pollard company will lineup with Friend Brothers' Dough Movers on the Texile camp at 5 o'clock this afternoon.

Manager Berger of the Salem A. C. wishes to state that the team is still in the limelight and has not disbanded, although rumors to that effect have been passed around. The team is minus the services of J. Gagnon, and anyone wishing to learn the condition of this player kindly communicate with Leo Berger, 21 Dane street.

The Shamrocks accept the challenge of the St. Columbas for September 6 and would like to meet Mr. Mullen, the manager, Thursday night at 5 o'clock at the Sun office.

Athletes and Athletics

Buck O'Brien has been sent to the bushes at last. It was apparent to everyone at the beginning of the season that O'Brien had lost the cunning of his pitching arm and when the White Sox took him from the world's champions it was for the waiver price. Buck couldn't make good, however, and was sold yesterday to the Oakland, Cal. club.

Many think that Sam Richards stands the best chance of making the English channel swim after his recent feat of swimming to Boston light and back. This feat requires marvelous endurance powers as well as speed. The swim across the channel is a severe tax on a man's "standing up" qualities and Richards seems to have proven that he has a wonderful build for long distance aquatic.

The biggest surprise that grand circuit followers have received this season was sprung yesterday when Lon McDonald with Alredale slipped by Tommy Murphy with Peter Volo a few lengths before they went under the wire in the first heat. Peter Volo is expected to break the record for two-year-olds before the season closes. Murphy drove his nag home a winner after his lesson in the first heat.

It still looks as though the MacKays and the McGraws would do the battling for the title of world's champions. It is hard to see where either team can be headed, especially the Giants. The Athletics are hard put to do it for pitchers just now, but it does not seem possible for the Cleveland team to pull down their lead and haul in the American league flag.

"Tham" Langford will display his books and jabs to the public next week on the stage of a Boston theatre. Joe Woodman, Sam's manager, has announced that his boxer will probably meet Jack Johnson in the late fall or early in the winter abroad. Johnson will fight just as soon as he is broke and not much before. A few more cash bails jumped and the big heavyweight would be looking for fight anywhere.

At the meeting yesterday of the

International Amateur Athletic Federation held at Berlin Germany, drew up a set of rules that were prepared by the American A. A. U. under the supervision of James E. Sullivan, its secretary. It is thought that a German team of athletes will accompany the American delegates back to this country to compete in the San Francisco exposition.

Well, two out of three is sufficient for our present needs. Three games in a row from the Maine team is a trifling too much to expect. Maybom's slow ones were gobbled up greedily by the Portland club swingers.

Brockton will play at Spaulding park tomorrow but New Bedford will not be seen here Saturday in the double-header which Manager Gray hoped to have transferred. The owners of the Whalers expect to draw a big crowd on their home grounds with Lowell as an opponent.

Rorty of the red that was again in much trouble yesterday. However, it has got to be well known around the circuit that the doughty little red-headed umpire can take care of himself and needs no condolences.

Finneran won his spurs yesterday as pinch hitter when he went into bat for Henderson in the ninth. Beside hitting the ball safe Joe stole both second and third which is going some for a pitcher.

Collins, the new outfielder secured by Brockton from the Newark team, broke into the National league like a young cyclone yesterday. He batted out four singles, scoring two runs and sending in three more. Henderson and Finneran are both from Newark and broke into baseball with Collins.

Secretary Cooper is very severe in his criticisms of Duffy's tactics in his home city. Duffy on the other hand is incessantly finding fault with the way New England league affairs are handled. It appears to us Mr. Duffy, as though you were looking for everything in sight and then some.

THE TENNIS CHAMPIONS

From Six Cities in Match at Newport

NEWPORT, R. I., Aug. 21.—Eighteen well known players, representing six cities, and including Champion Maurice E. McLoughlin of San Francisco, were still in the running when the all-players' tournament for the national lawn tennis championship was resumed on the Casino courts today.

Of the number Philadelphia and New York had five each, San Francisco and Boston three each, while two players hailed from Hartford and this city. The only clash of fellow citizens was between two Bostonians, George Peabody Gardner, Jr., and Nathaniel W. Niles, both of the Longwood Cricket club.

There was considerable speculation about the Casino this forenoon as to the identity of the quarter for the semi-finals, which are expected to be reached on Monday, weather permitting.

Close students of the sport seemed agreed that the chances in the top quarter depended upon the outcome of the Gardner-Niles contest, and in the lower, upon the probable match on Saturday between McLoughlin and Clotfelter. In the middle sections the struggle appeared to be between Wallace F. Johnson of Philadelphia, E. H. Whitney of Boston, John R. Strachan of San Francisco, R. Norris Williams 2nd, of Philadelphia and William Johnston of San Francisco.

In the belief that the contest between the two last named players would prove of greater interest than the other, the committee gave it the place of honor on the grand court today.

In Johnson and Williams, the tennis world at Newport this year saw two of the youngest players that ever faced each other on the championship court, not only in age but experience. Williams is 20 and Johnson is 19, while the nationals this year is the second for Williams and the first for Johnson.

Yet both stood on the court today as veterans, Williams having been a member of the successful Davis cup team, while Johnson's career through the past this summer, winning the Pacific coast title with a series of brilliant victories until Southampton was reached. There the latest product of the California tennis workshop fell before the imperturbable Clotfelter.

Williams was a slight favorite in the betting before the play began.

If you want help at home or in your business, try The Sun "Want" column.

Dusting Soccer Notes

The soccer football game between the Buntings and North Chelmsford teams was to have been played on the North Chelmsford ground, but owing to the North team being unable to secure a grounds, the game will be played on the Bunting grounds, South Lowell, on Saturday, Aug. 23. The game is to start at 3 o'clock. The manager of the Buntings requests all the following players to report for practice tonight: Smith, Mahon, Clegg, Burrows, Taylor, Lane, Mitchell, Birtwistle, Hovle, Rudkin, Peters, Wademan. The manager of the Bunting team would like to see the manager of the North team on the Bunting grounds at practice tonight.

THE CURRENCY BILL

Possible Changes Discussed by Committee

WASHINGTON, Aug. 21.—While democrats of the house were thrashing out differences over the administration currency bill in caucus yesterday, Chairman Owen and his democratic associates on the senate currency committee began the consideration of possible changes to be made in the measure when it is taken up in the senate.

Senator Owen visited the White House early in the day and held a short conference with the president. He made it clear later that he expected to support the administration bill but that he held himself free to recommend such changes as he considered advisable.

His suggestions Tuesday to members of the committee that changes might be necessary in the plan for regional reserve banks occasioned general comment in congressional circles yesterday.

The meeting of the democratic members of the senate committee yesterday brought out a number of tentative suggestions for amendments, but no definite plan of action. Senators Shafroth and Hollis, at the conclusion of the conference expressed confidence that a currency measure would be passed at the present congress and Chairman Owen said there was "no doubt of it."

"I believe we will perfect a bill that will be satisfactory to the administration," said Senator Hollis. "I expect to support what is known as the administration bill, but the senate would not think it had done its duty if it did not improve it."

No Comparison
The light, airy, sanitary offices of the New Sun building compared with those of any other office building in Lowell are much more up to date than that of the occupants but their patrons are delighted with them.

"WINNING ON MERIT"

SOLDIER ROBBED AT BUNKER HILL

Nearly a Half Century Ago Asks the Government to Reimburse Him—He Lost \$990

WASHINGTON, Aug. 21.—Nearly a half century ago George Chorin, then a dashing young soldier in the First Massachusetts Volunteer Infantry, lost \$990; today he wants the government to reimburse him and has appealed to congress for it through Representative Mitchell. The latter is not quite clear as to what can be done for the veteran and as for interest on the amount he has so far balked at any attempt to figure it.

Chorin explains that back in the sixties, just before his regiment was mustered out he was set upon and robbed by four men of his own company while in camp at Bunker Hill, Maryland. He was on guard at the time. While the identity of the men was known, Chorin alleged, there was no court martial because of the disbandment of the regiment which then was under way.

LABOR DAY PROGRAM WORKMEN WERE PENNED

Arranged by Trades and Labor Council Over 400 Feet Under the Street

An enthusiastic meeting of the Labor day committee was held last night at 22 Middle street and considerable business was transacted. The question of having fireworks on the common in connection with the band concert in the evening was discussed at length and finally a committee was appointed to look into the matter and report at the next meeting.

The committee on sports reported that it had secured the use of the C. M. A. C. fields for the tug-of-war and that all unions intending to enter a team in the contest must report to the secretary not later than Aug. 30. The address to the chief marshals in the parade will wear silk hats, frock coats, black trousers, blue sash, white gloves and baton. The route of the parade will be given at the next meeting by Chief Marshal Warnock at which time the various organizations will draw lots for their positions in the parade. The next meeting will be held on Thursday evening, Aug. 28.

THE RURAL CHURCH

And Public Health—Latter Asks Church to Join Hands With it in Giving Men Better Bodies

"No social agency is more earnest in its demands upon the church for cooperation than public health, and no agency offers a greater return for such cooperation," says Dr. Ennion W. Williams, health commissioner of Virginia. In a bulletin just issued by the United States bureau of education, "Public health asks the church to join hands with it in giving men better bodies and it promises that when man's bodies shall be stronger, their spirits will be nobler. Public health asks the church to assist it in making the community to which the church ministers; and it pledges the experience of the world to show that when this is done, none will benefit more than the church. Other things equal, the healthy man is the moral man, and the sanitary community is the spiritual community."

"The first means of cooperation on the part of the church is in teaching the dignity of the human person, the sanctity of the individual body. This will enable the church to justify the health officer in his demand for a sanitary community—will, indeed, make that demand irresistibly logical. If the body is sacred, then the body deserves a sanitary surrounding and depends upon it. The permanence of our fight for better health must rest, in part at least, upon an awakened public conscience which will view disease as sacred duty to sin, cleanliness as next to godliness."

"The church should, in a very practical way, illustrate the necessity of sanitation by being itself a model of sanitation. It should be well ventilated, well kept, supplied with proper outhouses and with a safe supply of drinking water. Many of our rural churches fall far short of this. Cleaned only when filth becomes unbearable, ventilated by chance or accident, generally without any outhouses and supplying water from a rusty bucket and a dirty tin dipper, the church often times is a focus of infection. If it is to stand as the evangel of good health, it must be sanitary. If it is to preach the gospel of fresh air, it must be well ventilated."

MACHINISTS' MEETING

Condemns the Taylor Efficiency System

Fifty-two new applications for membership were received at the meeting of the new local machinists' union last night, which was held in Hibernian hall. The large hall was filled to the doors, and much enthusiasm prevailed. It is stated that the union has now over 600 members.

Considerable business was transacted at last night's meeting, including the appointment of a committee to attend the meetings of the Trades and Labor council, the choice being as follows: William Ireland, George Walley, Michael Monahan, Thomas McNabb, Patrick Donohue, William Hall and Thos. Daley.

The so-called Taylor efficiency system, now in force at the Saco-Lowell shop was discussed at length, and the men protested against this system. The men decided to turn out in full force for the Labor day parade, and it was voted to impose a fine of 50 cents on members who failed to appear in line. Thomas Monahan was elected marshal of this division and Robert Spencer, assistant. Among those who spoke were John J. Brown, Nashua; Michael A. Lee of the Carpenters' union, and Frank Young of Boston.

THE SCHOOL BOARD

Will Hold an Important Meeting Tonight

Various matters left unsettled at the last meeting of the school board will come up tonight for settlement. Among these are the final arrangements for opening the schools, the assignment of new teachers, the question of filling vacancies in the industrial school and the matter of whether a principal will be elected in the Riverside school. There will undoubtedly be many other matters of importance up for consideration as the opening of the schools is but a few weeks off.

POSTMASTER WANTED

The Salary is \$4,300 Cents a Year

The United States civil service commission announces that on Sept. 27, 1913 an examination will be held at Lowell, Mass., as a result of which it is expected to make certification to fill a contemplated vacancy in the position of fourth class postmaster at Dunstable, Mass., and other vacancies as they may occur at that office, unless it shall be decided in the interests of the service to fill the vacancy by reappointment. The compensation of the postmaster at this office was \$213 for the last fiscal year.

Age limit, 21 years and over on the date of the examination, with the exception that in a state where women are declared by statute to be of full age for all purposes at 18 years, women 18 years of age on the date of the examination will be admitted.

Applicants must reside within the territory supplied by the post office for which the examination is announced. The examination is open to all citizens of the United States who can comply with the requirements.

Application forms and full information concerning the requirements of the examination can be secured from the postmaster at Dunstable and the local secretary at Lowell, or from the U. S. civil service commission, Washington, D. C.

Applications should be properly executed and filed with the commission at Washington at least seven days before the date of the examination, otherwise it may be impracticable to examine the applicants.

Other examinations under the civil service commission and the dates they will be held are as follows:

Sept. 3.—Special agent, female, bureau of labor statistics, salary \$1200 to \$1600 per annum.
Fireman, bureau of standards, salary \$720 per annum.

Sept. 4.—Senior animal husbandman, (male), salary \$2750 per annum.
Sept. 10.—Apprentice plate cleaner, transferer and engraver, (male), salary \$1450 per annum.

Sept. 15.—Entomological assistant (male), salary \$2250 per annum.
Mechanician, (male), salary \$1020 per annum.

Publicity expert, (male), salary \$8 a day.
Professor of chemistry, (male), salary \$4500 per annum.

Professor of pharmacology, (male), salary \$4500 per annum.
Electrometallurgist, (male), salary \$3600 per annum.

Sept. 17.—Inspector of shoes and leather, (male), salary \$1200 per annum.
Examiner of surveys, (male), \$1250 to \$1500 per annum.

Preparator of textiles, (female), salary \$60 per month.
Preparator in entomology, salary, \$60 per month.

Statistical clerk, salary \$1200 per annum.
Assistant engineer in forest products (male), salary \$1200 per annum.

Pests feeder, salary \$5 to \$7½ an hour.
Record examiner, (male), salary \$1575 to \$1800 per annum.

Assistant in botanical laboratory work, (male), salary \$1500 per annum.
JUMPED FROM WINDOW

Man Leaped from Third Story Window to Escape the Phantom of a Dream

A man named Joz Fernandes Silva jumped from the third story window in his home at 21 Mill street shortly before 2 o'clock this morning, sustaining injuries to his back. He was taken in the ambulance to St. John's hospital where he was questioned as to his net and stated that he neither was intoxicated nor attempted to commit suicide. It is the belief of the occupants of the house that he broke away from a dreadful nightmare and tried to escape while half asleep.

The Best Food-Drink Lunch at Fountains

Insist Upon ORIGINAL GENUINE HORLICK'S

Avoid Imitations—Take No Substitute
Rich milk, malted grain, in powder form. More healthful than tea or coffee.
For infants, invalids and growing children. Agrees with the weakest digestion.
Pure nutrition, upbuilding the whole body. Keep it on your sideboard at home.
Invigorates nursing mothers and the aged. A quick lunch prepared in a minute.

CAUTION! DAN-DE-LI-O

Of Boyle Brothers

They are the only bottlers who sell the GENUINE. We want to warn the public against imitations who are selling "Dan-de-Li-O" or "GODDALE'S DAN-DE-LI-O." GODDALE'S DAN-DE-LI-O is served in freehold under the name of D.J. GODDALE'S DAN-DE-LI-O is put up by Boyle Bros. only, in bottles mainly imitated DAN-DE-LI-O. GODDALE'S DAN-DE-LI-O is healthful, refreshing, sparkling, and is the best temperance drink made.

AMERICAN TROOPS FOR MEXICO

And Emergency Appropriation of \$25,000,000 Asked for in Resolution in Senate Today

WASHINGTON, Aug. 21.—American troops for police duty in Mexico for protection of foreign lives and property and an emergency appropriation of \$25,000,000 to be expended under the direction of the president for that purpose were proposed in a resolution today by Senator Penrose.

He did not ask the senate to pass his resolution today and it went over.

A concerted effort upon the part of republicans and democrats to support President Wilson in his Mexican policy and to carry to the world the demand that the president has the full support of the American people at once became apparent.

Stand By President

Introduction of the resolution was followed by a general demand on the part of the republicans, seconded by Chairman Bacon of the foreign relations committee, for a cessation of all debate and to support President Wilson.

Emphatic and concerted declarations from senators of both parties of their confidence in the wisdom and good faith of the president were plainly in answer to reports from Mexico that Huerta was contending that the president had a divided congress and a divided public opinion behind him.

"It is our duty to uphold the hands of the president," said Senator Sutherland, republican. "It is the part of patriotism and good sense to withhold any criticism until the situation has clarified. Until then we should

stand firmly behind the president, uphold him in his negotiations and not embarrass him. I, for one, propose to do this."

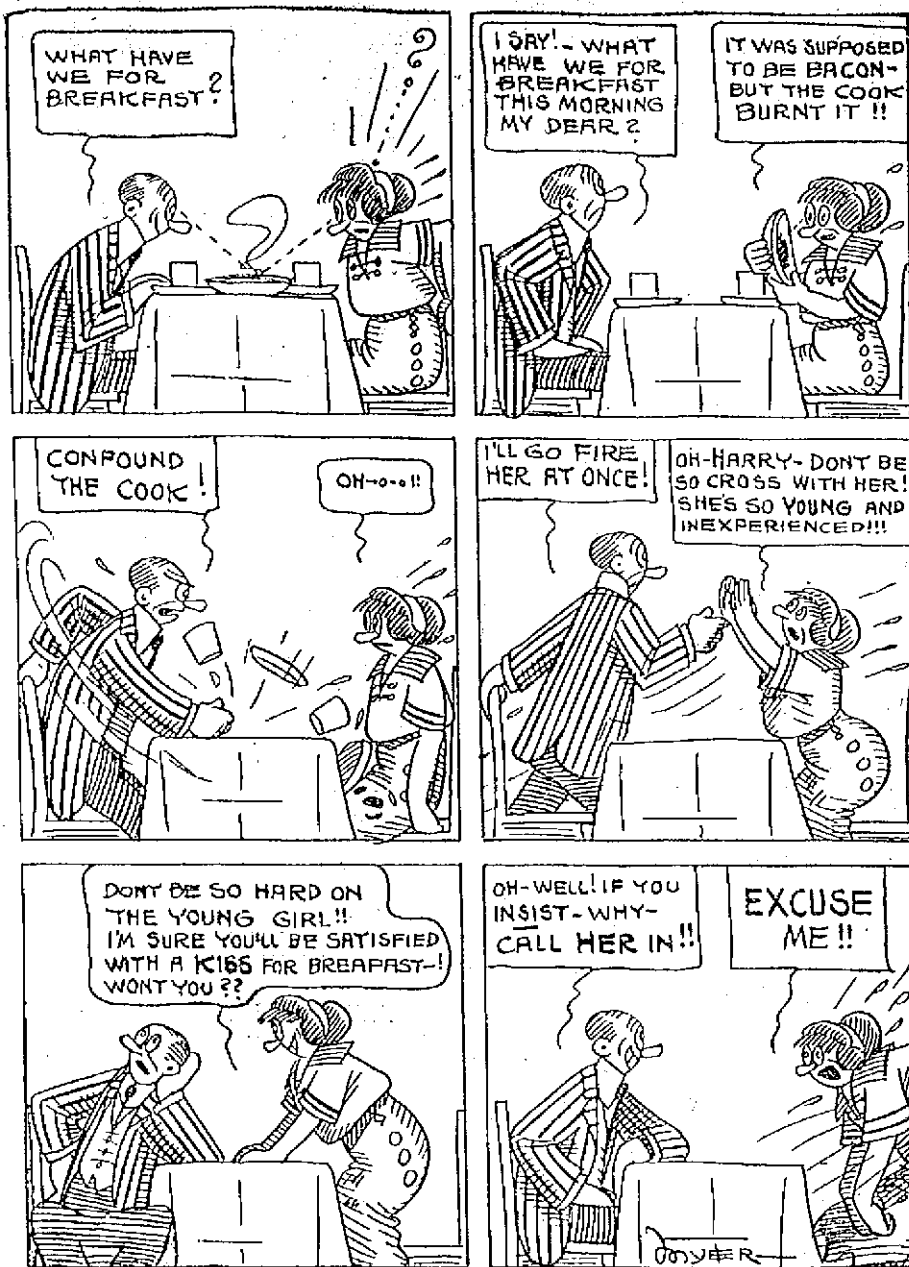

Senators Lodge, Gallinger, Nelson, Smoot and other republicans joined in a definite expression of their belief that the senate should give the world no occasion to believe that President Wilson did not have the confidence and support of leaders of both parties.

"Nothing that could have occurred," said Sen. Bacon, democrat, "could have given such emphatic denial to the construction some Mexican officials appear to have put upon conditions here, as the patriotic utterances that have been made today, on each side of this chamber. I am willing this debate should go to the world as the answer to those suggestions."

Senator Penrose did not attempt to debate his resolution and consented, at the request of Senator Bacon, to withdraw certain articles he had asked to have read. He said he had introduced the resolution in good faith, believing something must be done to stop "brutality, robbery and molestation" exhibited toward Americans.

Senator Kern, democrat, read a recent speech by Charles W. Fairbanks, former republican vice president, urging all to uphold the hands of President Wilson.

"One thing the Mexican people should know," said Senator Kern, "that in a threatening situation like this the American people stand together like a stone wall."

EXCUSE ME

ARBITRATORS IN L WAGE DISPUTE HALTED

BOSTON, Aug. 21.—Hearings before the board of arbitration named to settle the wage dispute between the Boston Elevated Railway company and its employees, came to a sudden halt today as the result of a suggestion by Chairman James J. Storrow that in view of the time that has elapsed since previous conferences the interested parties might now be able to reach an agreement. James H. Vahey, who represents the street car men, and James H. Richards of the Elevated company retired and considered the matter and it was later announced that both sides were willing to again take up the matter in the hope that an agreement could be reached and a protracted arbitration meeting be averted. The arbitration board thereupon adjourned and it was announced that a private conference between the parties at interest would be held this afternoon.

APRIL FOOLED

I was awfully April fooled last year. A fellow who owed me \$500 promised to pay it all, with interest, on the 31st of April. I told him that would be quite satisfactory and I would wait. Well, did he refuse to pay? Not at all; but the 31st of April refused to come around.

BANDITS SHOOT AT KING AND QUEEN

LONDON, Aug. 21.—Revolver shots were fired by bandits today at King Charles and Queen Elizabeth (Carmen Sylva) of Roumania, as they were riding in an automobile near Sinai, a fashionable health resort of Roumania in the Carpathian mountains, according to special despatches received here. Neither of their majesties was injured. As soon as the bandits began firing the chauffeur of the royal car speeded up his machine and succeeded in carrying the king and queen to safety.

FIVE BURNED TO DEATH IN FARM HOUSE

DUBUQUE, Ia., Aug. 21.—Henry S. Sternweis, his wife and three small children were burned to death in a fire which today destroyed their home on a farm 15 miles northwest of Dubuque.

passengers and many who had got so far as the running-board were pushed out by the more successful passengers, the crowd was so great. There were two conductors in charge of this car and when Moody street was reached only a small portion of the fares had been taken.

WANT SPUR TRACK

Day State Street Railway Petition Billerica Selectmen—A Convenience to Car Shop Workers

The Billerica board of selectmen have received a petition from the Day State Street railway, asking them to build a spur track from the main line on Pollard street, North Billerica, to the railroad crossing on High street, a distance of about 300 yards. This will bring the tracks of the Day State Street railway near the plant of the Boston & Maine and would make it more convenient for the workmen who come from this city.

It was first believed that a track would be built directly to the repair shops, but as a bridge would have to be built over the railroad crossing or a tunnel dug so there would be no danger of a collision this was not done and the railroad now wants to extend the tracks to the crossing. It is said that the residents of Billerica believe that many lives would be in danger if this was done as the stopping place would be but a few feet from the crossing and it would be necessary for the passengers to walk across the tracks to get to the shops. As far as is known, the selectmen have taken no action on the matter.

RUSH WORK ON ARMORED CRUISER

PORTSMOUTH, N. H., Aug. 21.—Orders were received at the navy yard here today to rush work on the armored cruiser Montana, which is undergoing her annual overhauling. Double shifts have been put to work and it is expected that the vessel will be ready to sail from the yard the latter part of the month. The Montana's destination is not officially known here, but it is reported that she will be sent to Mexico.

DEAN COES LEAVES INCOME TO RADCLIFFE

CAMBRIDGE, Mass., Aug. 21.—The income of \$71,000, representing all but \$5000 of the estate of the late Dean Mary Coes of Radcliffe college, is left to Radcliffe in her will offered for probate here today. The remaining \$5000 is bequeathed to relatives. William G. Thompson of Boston is named as executor. Dean Coes died August 16, leaving \$16,000 real estate and \$60,000 personal property.

DIED OF DIABETES ON BOARD SHIP

NEW YORK, Aug. 21.—The body of Richard Kennedy of Boston was brought here today by the steamer Florisel from St. Johns, N. F. Mr. Kennedy died on board early today of diabetes. With his wife and two children he had taken the trip to Newfoundland for his health. The body will be taken to Boston for burial.
